Known As 'Traitor' In Life, Frenchman Famous Allied Spy

PARIS (Reuter)—France is to name her biggest submarine base after the "Traitor of Lorient," a man who for four years was the most hated man in Britanny—Jacques Stosskopf, one of the allies' most brilliant and audacious spies.

The new base is at Lorient, where Stosskopf openly collaborated with the Germans to obtain their secrets and pass them on to London. Fewer than 20 persons knew that "54-8594" was one of the best secret agents in France.

When the Germans invaded Frace, Stosskopf welcomed the Germans at his home and offered to put his technical knowledge at the disposal of the German navy, which turned the port into a U-boat base.

His countrymen shunned him and Stosskopf had not a single friend in the town. Workers in the arsenal shouted "Death to Stosskopf!" as they were led away to slave labor in Germany.

Stosskopf stuck to his job and during his daily visit to German "friends" he noted and memorized details, code numbers and tonnage of every ship in port.

HE DISAPPEARED

For four years he reported activities of Hitler's U-boats and shipping. Then he disappeared. Lorient thought he had got a better job in Kiel.

But not until the liberation did Lorient know the truth — and then too late to honor a great patriot in person. Stosskopf was dead.

In 1944, a few weeks before D-day, the Germans discovered Stosskopf's name on a list of resistance secret agents. After a week of torture in Gestapo cells he was deported to Germany. There he helped some resistance comrades to escape, but one party was caught and found to be carrying documents drawn up by Stosskopf.

The Germans rounded up Stosskopf and his companions, murdered them and burned their bodies in the camp grounds.

Princess Elizabeth Rumored Engaged

Engagement of Princess Elizabeth and Capt. the Earl of Euston may be announced before the Royal Family's official tour of South Africa early next year, it is rumored. Reports of their engagement have been recurrent during past year.

Couple Will Face Charge Of Murder

THOROLD, Ont. (CP)—Police Chief Dennis Harold of Thorold Township today said a charge of murder would be laid against Mr. and Mrs. George Popowich of Thorold South in connection with the death in nearby St. Catharines Sunday of Louis Nato, 55, Thorold South merchant.

The couple was arrested Thursday and charged with robbery with violence.

Police said Nato, who came to Canada from Italy about 40 years ago, was beaten up while he was sitting in his car, after talking to acquaintances. The next thing he remembered, he told police, was finding himself on a lonely country road about 4 a.m. His hands and ankles were tied with rope and his trousers, containing $180, were missing.

Nato staggered more than a mile to a paper mill office, where he was given first aid, before removal to a hospital.

Chief Harold said Nato was able to name his assailants before lapsing into unconsciousness. He died.

Segura Upsets Australian Champ

LONDON (CP) — Pancho Segura of Ecuador recorded an upset today in the men's singles finals of the London grass courts tennis championships when he defeated Dinny Pails of Australia, 6-4, 0-6, 6-4.

Pails, Australia's "Boy Wonder" and top-seeded for the Wimbledon championships starting next week, had been established a 3 to 1 favorite over the two-handed Segura.

In the women's final PPauline Betz of Los Angeles trimmed Margaret Osborne of San Francisco 6-3, 6-3, 6-3 in an all-United States showdown regarded as a preview of the Wimbledon title round.

Edmonton Printer Quits Union For Job

EDMONTON (CP)—The Edmonton Journal in a front-page story today announced that W. (Barney) Marskell who went on strike with printers from the Edmonton Journal and Bulletin three weeks ago, has resigned from the International Typographical Union (A.F.L.) and has accepted the position of composing room superintendent at the Journal.

Before the strike Marskell was assistant foreman.

"Mr. Marskell's first responsibility in ew position is to rebuild a printing staff for the joint Journal-Bulletin newspapers," announcement said. 'He says he would be glad to discuss employment with any former employee of either newspaper who now realizes that Edmonton printers were misled into participation in the illegal strike and into breach of their contract."

The Journal and Bulletin have dismissed their 52 striking printers, called out by the I.T.U. in support of printers at Winnipeg, and have announced they would hire replacements.

Breadon At Peace With Mex. Baseball

ST. LOUIS (AP)—Sam Breadon, owner of the St. Louis Cardinals, was back from Mexico today with praise for the Pasquel brothers who run the Mexican League and word that he would have something to say about baseball down that way at the next National League meeting.

He would not elaborate on what that "something" would be, but he called the Pasquels "real people" who "were very courteous to me" and whose "promises would be kept."

Breadon said he had no guarantee that the Mexican interests would make no further player raids on his Cardinals from whom they already have picked up pitchers, Max Lanier and Fred Martin, and infielder, Lou Keith. He said he had sought none.

Breadon reiterated he had gone to Mexico "on my own" and not as a representative of other baseball owners.

Party Spoiled

TORONTO (CP) — Police swooped down on a party of nearly 100 young people gathered Friday night to toast the health of Tony DeLuca, scheduled to be married this evening. Police seized 15 cases of beer, allegedly purchased on beer permits other than the one held by DeLuca. The groom's father was arrested on a charge of illegal possession. The party continued with cheese and crackers, lemonade and water.

Churchill Dubious

BRISTOL (CP) — Winston Churchill said Friday he had hesitated before accepting the Freedom of the Society of Merchant Ventures — because the freedom certificate contained a clause forbidding the frequenting of taverns and playing of dice.

"I made careful inquiries into this before I signed it," the former Prime Minister said, "and I am relieved to learn that it refers only to apprentices."

Defence Claims Guilty Persons Crown Witneses

MEDICINE HAT, Alta. (CP)—The Crown and the defence concluded their cases today in the trial of L.Cpl. Johannes Wittinger, German prisoner-of-war charged with the hanging murder of a fellow prisoner, August Plaszek, in the Medicine Hat internment camp July 22, 1943.

Chief Justice W. R. Howson of the Alberta Supreme Court addressed the jury when court reconvened this afternoon.

The two other prisoners of war, Sgt. Werner Schwalb and Pte. Adolph Kratz, have been convicted and are under sentence to hang in Lethbridge jail June 26 for the hanging of Plaszek. Schwalb Friday testified as a defence witness with Wittinger.

In his address to the jury Defence Counsel L. S. Turcotte said the Crown had been unable to present a single witness who could testify that Wittinger had been present at the hanging of Plaszek in the recreation hall of the internment camp. Nor had he been seen taking part in events leading up to the hanging.

He said the testimony clearly showed that the real murderers of Plaszek were the camp leaders, Richard Elsermann, Wilhelm Weidemann and Hans Schnorrenpfell and it was "incredible for the Crown to ask you to convict Johannes Wittinger of the crime of murder on the evidence of witnesses who are themselves the rightful culprits."

He suggested the only reasonable verdict was an acquittal verdict.

Crown Counsel W. D. Gow told the six-man jury it was natural for the accused to deny statements which six witnesses said had been made by him concerning his part in the murder.

"No man will admit to any offence, however small," he said. "It isn't human nature."

He added that Wittinger was entitled to as much consideration as any Canadian in the same position but he warned the jury "not to bend over backwards."

Serbian Volunteers Helped Mihailovic

BELGRADE (AP) — Kosta Musicki, wartime commander of the Serbian Volunteer Corps, testified today that his units fought side by side with the Germans against Partisans and declared that while operating in the Julian March area he had placed himself and his units under command of Gen. Draja Mihailovic.

Musicki, the 11th defendant to appear before the court in the Mihailovic trial, pleaded innocent.

Djuro Dokic, former Minister of Communications in the wartime Yugoslav puppet government, pleaded innocent today at his trial before a military court on charges of treason, and said he had favored accepting the tripartite treaty with the Axis "so Yugoslavia could avoid war and be like Turkey."

Dokic, 10th defendant to testify this far in the trials of Gen. Mihailovic and 23 others, answered "I don't know" to most questions.

He conceded, however, that he had urged the Serbian people in a speech to fight against the Communists.

Swiss Editor Sued For Alleged Libel By Countess Ciano

ROME (CP) — Countess Edda Ciano, daughter of the late Benito Mussolini, will be freed from Lipari Island under the terms of an amnesty approved by the council of ministers, Interior Minister Giuseppe Romita announced today.

Countess Ciano, widow of Fascist Foreign Minister Count Galeazzo Ciano, was sentenced to two years' internment on the tiny island north of Sicily for her efforts in behalf of Fascism.

The newspaper Espresso estimated that 50,000 convicts—political as well as common prisoners—would achieve freedom under the amnesty.

In Zurich, Switzerland, it was disclosed the countess has brought an action for libel against the editor of Die Nation, a Swiss weekly newspaper.

She demanded the editor retract a statement that she is, or was:

A morally rotten wreck, an unprincipled adventuress devoid of conscience and an unmitigated liar; a courtesan in reduced circumstances, living with her children on stolen funds, indifferent to the news of her husband's death; perhaps the greatest female war criminal.

In addition to public retraction of these statements, she claims £500 ($2,250) damages for defamation of character.

At a preliminary hearing, held to ascertain whether the suit could be settled out of court, the countess' counsel, Dr. Max Brand, said, "Epithets such as those used are bound to injure the reputation of any woman, even though her past be as turbulent as that of my client."

He said that besides Count Ciano's diary there existed letters in Switzerland proving that the relations between her and her husband had been good.

Count Ciano was executed on Mussolini's orders in 1944.

Warehouse At St. Catharines Is Destr oyed By Night Fire

Smoke and flames billow from the large warehouse of the Welland Vale Manufacturing Co. at St. Catharines. Damage from the fire is estimated at $50,000. The build ng was stocked with handles for garden implements. Smoke from the spectacular blaze hung like a pall over most of the city for several hours.

New Lobster Grounds To Be Kept Secret To Prevent Poaching

Two thousand live lobsters are now on Vancouver Island to be dumped in Pacific waters to form a possible nucleus for a B.C. lobster-fishing industry, but authorities are not revealing the exact location of the proposed lobster grounds. They want to prevent poaching.

The lobsters made a cross-country journey from St. Andrews, New Brunswick by Canadian Pacific Express. They made the crossing to Nanaimo under supervision of Dr. Earl Forester, director of the fisheries research station at Departure Bay.

Although two previous attempts to introduce lobsters to coastal waters here have been made and found unsuccessful, fisheries officials will persevere with this, the third attempt, until satisfied they have a definite answer.

Disposal Of Garbage By Ships Offshore Described As Menace

Problems of garbage disposal whether by towing out to sea, incineration, crushing or scientific dumping were described by Ald. Dr. J. D. Hunter, chairman of the Health Committee, at City Council meeting Friday afternoon, in a brief wherein he urged council to request the harbor master to prohibit ships from dropping refuse off shore or at the outer docks.

"There is no doubt that refuse is coming ashore from that source," he said as council unanimously passed a resolution on the matter.

The present method of towing to sea is not satisfactory, he said adding that tide and wind would send some refuse on to the beaches no matter how far the refuse was towed out to sea. He referred to bottles on the beaches.

"People take bottles and lunches to the beach, I don't know what they take in bottles, but when they are through, kiddies stand the bottles on rocks and throw stones at them."

"One man said he could build a crusher for about $30,000 to crush garbage successfully but would not guarantee it," he said.

An incinerator would cost between $150,000 and $200,000 and would not burn all the garbage, Dr. Hunter continued. He favored scientific dumping if done properly and said that through scientific tipping of refuse in England, many fine playing fields had been reclaimed.

Council Briefs

Victoria Horticultural Society received its annual grant of $100 and council made a $150 grant to help send three Victoria swimmers to the Canadian Swimming Championships at Hamilton.

Monthly salary of Mr. Patton was brought up to the maximum of $390. Ald. Lloyd Morgan endorsed Mayor Percy George's action in undertaking to send Victoria's May 24 float, with Queen Rosemary and her attendants to the July 1 celebrations at Vancouver.

War Assets Corporation will be advised the city is not interested in army buildings at Church Hill, Metchosin.

Complaints of ill-treatment of ducks in Beacon Hill Park from the S.P.C.A. was referred to the parks committee. D. B. Carley's request for permission to place children's ponies at Thetis Lake, for use of tourists during the summer, was referred to the water board.

City solicitor was asked to clarify the poultry by-law by defining 15 rabbits as adult rabbits. Request for a donation from the Vancouver Island Outboard Association was referred to finance committee. Letter from the Victoria Building and Trades Council asking that only union firms and union labor be used on arena contracts was referred to arena committee. Ald. R. A. C. Dewar, chairman, said that all city contracts contained a fair-wage clause.

Action on a recommendation from the water board and health committee, that a referendum vote of electors be taken on the question of continuance of chlorination, was delayed until a full meeting of council, upon motion of Ald. Morgan. Council adopted the committee's recommendation that it decline suggestion of the Anti-Chlorination League that other experts on question of chlorination be consulted.

Harry Langley, representing the Anti-Chlorination League, urged that plebiscite, not a referendum, be held. Mr. Patton stated a referendum would give everyone on the voters' list an opportunity to vote.

Noxious odors about town were discussed briefly by council, on the complaint of H. R. Savage who resides near the Small Animal Hospital, that offensive odors penetrated his house. In a report, Dr. J. L. Murray Anderson, medical health officer stated that no offensive odors emanated from the hospital premises.

Ald. J. D. Hunter referred to a local plant, from which he said, he felt positive the odor emanated. "As soon as new construction is completed I have been told that odor will be obviated," he said.

Ald. B. J. Gadsden was appointed city delegate to the Anti-Inflation League.

P. S. Ballam was appointed assistant-plumbing inspector; J. C. Pullen assistant wire inspector and Betty Randall, filing clerk. Resignation of W. Englehardt from the post of collector of water rates was accepted and J. Marrs appointed to fill the position. City water commissioner was authorized to appoint a lifeguard at Thetis Lake, July 1.

Appointments of Mrs. Evelyn Lewis and Miss Bernice Miller as public health nurses for the union board of health were approved and resignation of Mrs. Bernice Fleury accepted.

$74,728 Work On Streets And Sewers Approved By Council

Victoria's streets and sewers will receive face-liftings to the tune of $74,728, following adoption by the City Coincil at its meeting Friday, of recommendations of the Public Works Committee, under chairmanship of Ald. Dr. J. D. Hunter.

Estimated cost of work on the streets was placed at $37,500 and on the sewers at $37,228.

Called for is the repaving of Linden from Oscar to Dallas Road at $23,800; improvements to McClure from Blanshard to intersection with Burdette, $7,500; improvements to Oswego from Dallas to North Niagra, $6,200.

"Your committee feels that this is not the proper time to submit money by-laws for major street improvements," said Ald. Hunter.

The city engineer was authorized to proceed with construction of storm sewers in the north end of the city at an estimated cost of $31,620, and construction of an extension of storm drain on Edgeware Road from Doncaster at an estimated cost of $2,500.

The engineer was also authorized to construct a sanitary sewer for 600 feet, from Doncaster Road at $1,200; a storm drain extension on Myrtle, west of Shelbourne, for 103 feet at $200; extension of Lotus Street, 60 feet at $300, and construction of a macadam road on Styles from Craigflower Road north for 380 feet at $1,408.

Recommendation of the Aged Men's Home Committee, that a parcel of land adjacent to the Home, be sold and the proceeds used to build an infirmary to the Home was adopted. Ald. Margaret D. Christie, chairman, submitted the report.

Resolution from the Citizen's Memorial Day Committee of Greater Victoria, that the naval and army cemeteries at Esquimalt be taken over and operated for the benefit of all ex-service personnel by the Department of Veterans' Affairs, instead of the Department of National Defence as at present, was endorsed by council. Ald. Lloyd Morgan said that D.V.A. would be asked to take care of the graves forever, under the Committee's plan.

Pony Buggies To Go City Council Hears

Recommendation of A. J. Patton, city solicitor, that the licensing inspector do not issue a new licence for drive-yourself pony buggies, but for 4-passenger vehicles with larger horses and attendant drivers, was adopted at Friday's meeting of the City Council.

In a letter to council, he wrote that John McD. Speers, new owner of Bar K Ranch, which had operated drive-yourself pony buggies, stated that he would take steps to do away with the buggies.

Simplify Voting Urges City Clerk

Simplification of the qualification dates for voters in by-laws and municipal elections was recommended by Frank Hunter, city clerk, at the City Council meeting Friday afternoon and will be presented to the U.B.C.M. convention this summer.

He suggested that the one date, Oct. 31 apply to all types of voters as the qualifying date for the whole year.

This course, Mr. Hunter said, might be considered "drastic" by municipalities and suggested as an alternative that the by-law provision as it is now of one month's duration to qualify to vote on a by-law, would apply throughout the year. Only exception would be the annual municipal elections, when the qualifying date would remain Oct. 31.

City Council referred the tender of $58,986 from Victoria Paving Co. Ltd., for paving Blanshard Street from Pandora to Pembroke under the plan for widening and improving the street, to the public works committee. It was the only tender received.

The sum of $1,094,054 in revenue was collected by the city up to May 31. Estimated revenue collections for the year are $2,547,695. Collection of current taxes totaled $662,003 or 39.082% of the total estimated. Collection of arrears of taxes to date is $42,080 with the estimated total of $93,800.

Council approved sale of 13 parcels of city-owned land for a total of $2,113. Five of the sales were to veterans.

Island Officers At Staff College

—Canadian Army Photo

The first postwar staff college in the British commonwealth opened at the Royal Military College of Canada, Kingston, Ont., this week. For the first time in the history of the Canadian army a staff college has been authorized in peacetime. Among the 70 officers attending the initial course are representatives of the British, Indian and United States armies, and the R.C.A.F., in addition to Canadian army officers. The above officers from British Columbia are taking the first course: Maj. E. A. Marshall, Victoria; Maj. W. H. V. Matthews, Duncan; Lt.-Col. F. A. Clift, Saskatoon; Lt.-Col. R. L. Purves, Victoria, and Maj. William W. Mathers of London, Ont.

3 Money By-Laws To Be Voted On

Five money by-laws slated to go before the electors this summer, were reduced to three at the City Council meeting Friday afternoon, when aldermen adopted recommendations of the Public Works Committee, disposing of the proposed streets and sewers by-laws for the present.

A special council meeting will be arranged for introduction of the $108,000 street lighting by-law; the $106,000 water works by-law and the Willows Park by-law in order to get them before electors in July.

Streets, upon which streetcar tracks were laid, could not be done this year and therefore reduced the amount needed for streets to $37,500, too small an amount to put to a by-law, A. J. Patton, city solicitor, stated in a letter to council, as he explained the by-law situation.

Mr. Patton further stated that he was advised by R. C. MacDonald, Minister of Municipal Affairs, that he approved transfer of the proceeds from sale of the worsted mill to sewer construction. That sum added to the $16,000 provided for in the budget, would leave the city only $12,000 to finance out of revenue, Mr. Patton continued.

"The sewers by-law which is essential and requires an expenditure of $68,000 has been considered by the minister in view of the city being restricted in that regard under the Refunding Acts of 1937 and 1944," he added.

With regards to sale of Willows Park, an agreement for which was forwarded to Vancouver, Mr. Patton wrote that the Refunding Acts of 1937 and 1944 again restricted use of the sum of $86,000. Approval was received for applying the $86,000 from the sale of the Willows to the arena fund.

Proposed by-laws will be prepared and studied by Mr. Bracewell upon his return from Vancouver next Friday, council was informed.

Primer for Brides—First real task for the bride is to make lists and get out the invitations, which should be sent out two to three weeks prior to the wedding. Whether it is to be a church or house wedding invitations are mailed to all guests. These may be engraved or written by hand, but they should follow the conventional form. The invitation to the wedding breakfast or reception may be engraved on separate cards and enclosed in the same envelope, or may be added to the invitation to the ceremony.

Schmeling Predicted Result Of Fight

HAMBURG (AP) — Behind prison bars, Max Schmeling heard today that his prediction about the Louis-Conn fight had come true.

The former heavyweight champion, now serving a three-month sentence for violating a military government decree, said last month that he expected Louis to knock out Conn "between the seventh and ninth rounds."

British authorities declined a request from the press to be permitted to see Schmeling "on any account."

Deal For Sale Of Rithet Piers Making Progress, Mayhew Reports

By NORMAN MACLEOD
Victoria Times Correspondent

OTTAWA—Negotiations for the sale of the Rithet Piers to the Dominion government by the Victoria Machinery Depot today were described by Robert W. Mayhew, M.P. for Victoria, as "progressing quite satisfactorily."

"H. S. Hammill of the Victoria Machinery Depot yesterday concluded discussions with the deputy public works minister, E. P. Murphy. As a result the matter is now at the stage where further discussion must be by the minister and the cabinet," Mr. Mayhew reported.

He believed final decision would be given without undue delay so that the plans which are being worked out for the development of the Victoria Outer Harbor and for improved facilities for ocean-going vessels may be proceeded with.

Mr. Mayhew said he was not permitted to reveal the price at which the Victoria Machinery Depot has offered the Rithet Piers to the government.

Mr. Hammill is understood to be returning to Victoria Sunday.

Flies To Get Prize In Ottawa

Ian Taylor, 17, son of Mrs. J. C. Rivers of Prospect Lake and the late Bruce H. Taylor of Vancouver, is shown above as he took off today by Trans-Canada Air Lines from Pat. Bay for Ottawa where, on Monday, the Governor-General will present him with the $100 prize he won in The Montreal Standard's recent essay contest on the atomic age. Ian came first in the all-Canada junior grade, the title of his composition being "What Atomic Energy Means to Me." After two days' sight-seeing in the federal capital he will fly back to Victoria. He has just finished his fourth year at Mount Newton High School in Saanich and hopes to join the R.C.A.F. in the autumn. Ian was in the Saanich air cadets, has long wanted to fly and when he learned his award also included an air trip east he was delighted.

Canada Praised For Control Of Prices

NEW YORK (CP)—The New York Herald Tribune in an editorial today compared the handling of price and wage controls in Canada and the United States and concluded the Dominion had done a better job.

"Canada showed the way to this country in bringing prices and wages under control during the war," the editorial said, "and is now, it would seem, giving us a lesson how to handle the task of decontrol during the period of reconversion."

There had not been violent controversy over price control in the Dominion, as there was in the United States, and Canada had held the war-time and post-war increase in living costs to approximately 20 per cent, compared with 33 per cent in the United States.

"When Canada adopted war-time price control she did it courageously and boldly, but our government shrank from applying controls until virtually shamed into doing so by the Dominion's action," the Herald Tribune said.

WASHINGTON (AP) — Economic Stabilizer Chester Bowles predicted today there will be more meat availale in the United States for a while after July 1 and that the bread shortage will be "eased considerably" in 30 days.

Trieste Problem Still Discussed At Big 4 Parley

PARIS (AP) — The Big Four Foreign Ministers tackled the Trieste issue again today, while diplomats sought some indication as to whether a solution of the problem had been reached at an intimate dinner attended Friday night by members of the Russian and United States delegations.

It was generally conceded that settlement of Trieste and the Italian-Yugoslavia frontier would lead to agreement on fundamentals of projected peace treaties with Italy, the Balkans and Finland.

U.S. State Secretary Brynes was host at Friday night's dinner, in the American delegation's hotel, for Russian Foreign Minister V. M. Molotov, his deputy, Andrei J. Vishinsky, and interpreter Vladimir Pavlov.

Although there was no immediate indication of what went on across the table, it was believed probable that a frank discussion of deadlocked matters was held.

The council Friday began its examination of the Trieste question with a general restatement of views of each minister. These were found to be the same as when the council recessed without agreement last month, with Russia demanding the disputed port city for Yugoslavia and the western powers claiming it for Italy.

Police Seek Chief Of Smuggling, Narcotics, Lottery

VANCOUVER (CP) — Police today held a hoard of gold and jewelry and a fortune in currency as the hunt was intensified for a mysterious Chinese, believed to be in the United States, who is reported to be the key-man in an international lottery, smuggling and narcotics ring.

This become known following a pre-dawn raid Friday in dark and squalid Market Alley, in Vancouver's Chinatown, where a raiding squad of 16 officers led by Inspector M. F. Anthony, head of the criminal investigation bureau of the Royal Canadian Mounted Police, smashed the Canada-wide ring, whose operations extended to the United States and China.

Fabulous gems of the Orient, precious jade and diamonds, a fortune in Canadian currency and United States gold coins were found by the raiders after they had fought their way down the darkened, narrow alley into two houses, and through a network of rooms.

JEWELS POURED OUT

An iron safe yielded the treasure. Jewelry, glittering ornaments set with delicately-carved jade and diamonds, necklaces of gold and platinum and diamond brooches poured out at the feet of the police. There were also $47,000 in Canadian currency, one package containing $11,000 in $100 bills; $1,200 in U.S. gold coins, many pounds of narcotics and a huge supply of lottery tickets.

Another 1,000-pound iron safe was seized, and in this may be another fortune in gems and jewelry, and documents which will tell the story of the ring's ramifications.

The Chinese mystery man is reported to hold the combination of the safe, but police say it will not be opened until he is captured.

Five Chinese are under arrest, four of whom, guarding a doorway in Market Alley, were armed with large meat cleavers, and battled the police.

Janet, Blue Baby, May Be Home Soon

Janet, Victoria's Blue Baby, will go into hospital at Baltimore today for a final check-up and, if everything is satisfactory, will probably leave Monday or Tuesday to return home, J. B. Priestley, president of the Lions Club, said here today.

Janet's general condition has been very good, and during the last week she has been out of hospital and living with her mother in the rooms provided them just across from the hospital.

PARIS (AP)—State Secretary Byrnes of the United States today unsuccessfully proposed calling a European peace conference July 15, American informants said. Foreign Minister Molotov objected that draft treaties were not yet completed.

Operators Temporarily To Absorb Effect Of 15-Cent Wage Increase

Victoria sawmill operators today estimated they would have to absorb temporarily at least a $3.50 to $4 boost in cost of producing 1,000 board feet of lumber as a result of signing the 1946 collective bargaining contract with the International Woodworkers of America (C.I.O.-C.C.L.).

The sawmill staffs are returning to work under a contract which provides for a 15-cent-an-hour across-the-board pay boost.

Some operators were of the opinion that ultimately the price of lumber would have to be boosted. For the present, however, the operators in the log, lumber and wood products industries will have to bear the extra production cost resulting from the new union contract.

The new wage scales does not come into effect until it has been approved by the Regional War Labor Board although this approval now is considered a mere formality.

While there are no price ceilings on the sale of logs by logging concerns to sawmills, there are price ceilings enforced on the price of lumber sold wholesale or retail by sawmills. Many other wood products are also governed by price controls.

Logging concerns, however, operate under a gentleman's agreement with the sawmills under which they will not increase the price of logs. For the present the increase price to be paid loggers will be absorbed by the logging operators and not passed on to the sawmills by increasing the price of logs.

In Vancouver next week a meeting of sawmill operators is planned and it is reported the price of lumber and effect of the pay boost to woodworkers is scheduled for discussion. Fred Manning of Manning Lumber Mills Ltd. here, a director in the sawmill operators' organization, reported he did not plan to attend the meeting.

It is not expected any Victoria sawmill operators will attend.

Twins Born After Father Killed

The electrical storm which preceded the tornado at Windsor last Monday brought tragedy to a Victoria family.

Edgar Arthur Hayman, 27 years, husband of Eva Hayman, former Victoria girl, was electrocuted while repairing damages caused by the storm to the city's hydro-electric system.

Daughter of Mr. and Mrs. W. J. Mason, 2012 Richmond Road, Mrs. Hayman give birth to twins, a boy and a girl, two days afer her husband's death. She is reported by her sister, Miss Doris Mason, to be in fair condition but her babies are said to be "poorly."

Married in July, 1942, while Hayman was stationed at Patricia Bay with the R.C.A.F., the young couple also have a two-and-a-half-year-old daughter, Janice. Hayman served for five years in the air force as a flight sergeant electrician on this coast, and met his wife here. He was discharged last year and returned to his former job in Windsor with the city's hydro-electric company.

On receiving word of her son-in-law's death, Mrs. Mason flew to Windsor, leaving last Tuesday night and is with her daughter there now.

Nehru Makes Peace With Kashmir Heads; Returns To Delhi

NEW DELHI (AP)—Jawaharlal Nehru, president-elect of the All-India Congress party, temporarily dropped his dispute with Kashmir authorities today. The controversy had resulted in widespread strikes and disturbances and the deaths of two persons in looting in Madura.

Maulana Abul Kalan Azad, Congress party president, received a telegram from the chieftain-elect saying he was accepting Azad's instructions to drop the dispute and return to New Delhi, "on the understanding that I come back to Kashmir."

Nehru was arrested Thursday in the princely State of Kashmir when he attempted to intervene in an agitation by the Kashmir National Conference against Maharajah Sir Hari Singh, wealthy Hindu ruler of the overwhelmingly Moslem state. Sheik Abdullah, leader of the movement agitating for abdication of the Maharajah, has been accused of sedition, and strikes and demonstrations occurred as a result of his arrest. Nehru was arrested when he defied a district magistrate's order banning him from the state.

Later press dispatches said Nehru had left for the Punjab on his way to Delhi and Azad announced that the Congress party's working committee, stalled by Nehru's absence, would end deliberations tomorrow on Britain's plans for an interim government.

"The final resolution will be adopted tomorrow," said Azad. Viceroy Lord Wavell had asked a reply by June 23 to British plans for a 14-member interim government to rule until Indian independence can be established.

LONDON (CP) — Britain has notified her ambassador in Cairo of her official but unpublished attitude on Egypt's granting of sanctuary to the Grand Mufti of Jesusalem, a Foreign Office spokesman said today. He declined to say whether there would be representations to King Farouk's government.

Collapse Of Weir Due To Overwork

VANCOUVER (CP)—The condition of Education Minister George M. Weir was described, by General Hospital attendants today as good. He spent a good night.

Dr. Weir collapsed Friday night while addressing a meeting in support of Coalition candidates in Monday's Vancouver-Point Grey provincial by-election.

He had addressed the meeting for about 20 minutes when he suddenly stopped speaking and slumped to a chair. He was given medical attention and rushed to the hospital. Physicians said his collapse was due to overwork.

To Strike Monday

TORONTO (CP)—The United Rubber Workers (C.I.O.) today announced it would call a strike Monday in all Ontario rubber plants except those of the Dunlop and Viceroy companies. It expected approximately 12,000 union members would walk out.

Point Grey Electors On Monday Will Name 2 New Legislators

VANCOUVER (CP)—A quiet campaign ended, candidates in the Vancouver-Point Grey provincial by-election today rested after final rallies Friday night and voters prepared to take over Monday for election of two candidates in the two-member riding.

The vacancies were caused by the deaths of Attorney-General R. L. Maitland and A. J. Paton, both Coalition members of Premier John Hart's administration.

There are six candidates, A. R. MacDougall and Leigh F. Stevenson, Coalition; Mrs. D. G. Steeves and George Isherwood, C.C.F.; Peter McAllister, Liberal-Industrialist, and William R. Smith, Democrat.

Most political observers predict an easy victory for the Coalition candidates.

It is the second by-election since the 1945 provincial general election. In the earlier by-election C. W. Morrow, Coalition, was elected to the North Okanagan seat held previously by the late Agriculture Minister K. C. Macdonald.

Domestic issues, including demands for low rental houses and a large share to Vancouver of the gasoline and liquor revenues, have featured the Point Grey campaign.

William R. Smith, the Democrat candidate, who was an unsuccessful candidate in the last federal election, came up with the most novel proposal of the campaign. He advocated the building of an underwater "subway" to span the 80-miles from Vancouver to Victoria.

The voters' list has 12,959 fewer names on it than in the general election of Oct. 25, 1945, today totaling 42,688.

The present standing in the 48-seat Legislature is: Coalition 35; C.C.F. 10, Labor 1, vacant 2.

(A SIMPLE TALE TO SHOW HOW BANK CREDIT WORKS)

Mr. C. has dreamed up this creation for the fall trade. He's counting on its being a sensational success. And it will be . . . but later.

In the meantime he's short of cash.

He's used up most of his working capital to buy materials. He needs money to keep his factory going, to pay his workmen, to meet other bills.

So he borrows from the Royal Bank and doesn't lose a day. And when his customers pay him, Cholmondeley pays off the bank.

It's as simple as that—a typical everyday transaction between this bank and one of its business customers.

WOULD A BANK LOAN HELP YOUR BUSINESS?

We are always looking for opportunities to lend money for productive purposes to enterprises, large and small.

If bank credit would further the profitable operation of your business, have a talk with your Royal Bank Manager. He'd like to discuss it.

Terms of the 1946 Lumber Industry Agreement

HIGHER WAGES . . . NO CURTAILMENT of FREEDOM FOR LUMBER WORKERS

In order to clarify the terms of the 1946 Lumber Industry agreement, based on the Sloan award, the following summary is presented:

Wage Increase

15 cents an hour ($1.20 a day) for all hourly workers in the industry when such increase is approved by the Government War Labour Board, effective June 20, 1946.

Hours of Work

Forty-four-hour week; time and a half for overtime worked.

Union Membership

All employees are free to join or refrain from joining the I.W.A. during the term of the contract without their right to obtain or hold their jobs being in any way affected. This is the freedom under which the British trade unions have built huge memberships without invading individual rights and freedoms.

Voluntary Revocable Check-off

Employees who are members of the I.W.A. have the right to decide for themselves whether or not they want their union dues deductd by their Company and paid to the Union. If they wish to have such deduction made they may so instruct the paymaster in writing. However, once having given such instruction, they still have the right to revoke it at any time by giving written notice of cancellation of this arrangement to the Company. **The employee is not obligated under any terms of the Sloan Award to sign any paper waiving or giving up this right to revoke or cancel the check-off instruction.**

POINT GREY VOTES ON MONDAY

ELECTORS IN THE PROVINCIAL RIDing of Point Grey will go to the polls on Monday to fill vacancies in the British Columbia Legislature caused by the death of Hon. R. L. Maitland, Attorney-General in the Coalition government since its inception, and Mr. A. J. Paton. Both were elected as Coalitionists in the general election of last October; both had represented this important district of Greater Vancouver since 1937.

The campaign which ended last night lacked the political fervor which usually marks by-elections. This can be attributed to the fact that the constituency is traditionally conservative in outlook, a stronghold of which the forces of the Co-operative Commonwealth Federation long ago despaired, while its support of the Coalition arrangement has neither weakened nor wavered. And the candidates appealing for votes under the Hart-Anscomb banner are well and favorably known throughout the riding and the province. One is Air Vice-Marshal Leigh F. Stevenson and the other is Mr. A. R. MacDougal. They are opposed by Mrs. D. G. Steeves, member of the Legislature from 1934—a by-election victory in North Vancouver—until her defeat last October, and Mr. George Isherwood, both representing the C.C.F. The fifth candidate is Mr. Peter McAllister, styled a Liberal-Industrialist, and the sixth, Mr. William R. Smith. The latter advertised himself a couple of years ago as "the next Prime Minister of Canada." He would appear to be a considerable distance from his goal. But he is nothing if not original in his campaign appeal; he advocates a "subway" to span the 80 water miles between Vancouver and Victoria!

While it is never safe to wager on the weather, a horse race, or an election, the return at the head of the poll next Monday of Mr. Stevenson and Mr. MacDougal should not be a too risky prediction. They have the qualities which the Legislature needs. Neither has been a rabid party man. Both have a firm grasp of the British Columbia scene and the hopes and aspirations of the people of the province. They deserve to win.

ALMOST HUMOROUS

HOW IS THE OUTSIDE WORLD LIKELY to feel anything but uneasy about Russia's intentions when the Moscow radio and the official press of the Soviet Union continue to interpret everything not openly and slayishly Communist as a threat to Russian security in one way or another? The question is posed again because Pravda, the official organ of the Central Committee and the Moscow Committee of the All-Union Communist Party, has just "gone for" General Charles de Gaulle for daring to argue in his speech last Sunday that the new French constitution should establish a two-chamber Legislature and a strong executive branch—a proposal to which even the French Communist leader on Wednesday agreed with only an academic reservation. So the journalistic mouthpiece of Premier Stalin and the members of the Praesidium of the Supreme Council in Moscow calls the great French patriot a "future candidate for the dictator" of his country and has "offered to be elected head of the state, almost as Louis Napoleon was elected once."

On many occasions, of course, General de Gaulle has been described as domineering, difficult to get along with, a Fascist, and a few more choice things. He may be fixed in his views, not anything like as tractable as some leaders who contributed so largely to France's troubles before and during the recent war; but he was the man, the rallying, dynamic personality, who defied the common enemy in the summer of 1940—the same enemy which deceived Russia and stabbed her in the back a year later. And because this eminent Frenchman had the audacity to dissuade enough of the elected representatives against the Communist-sponsored single-chamber—which the electorate, by democratic process, rejected last May 5—the government organ in Moscow dubs him a would-be dictator. The echo answers: What in the name of heaven is Joseph Stalin if he is not a dictator in every sense of the term? France is too fond of liberty to put up with an "All Highest" of any political stripe. Is that what worries Moscow?

AN OBVIOUS VERDICT

AS A CHOICE OF SUBJECT ON WHICH to sample popular reaction, the Canadian Institute of Public Opinion could have selected a more useful topic than Generalissimo Francisco Franco, and whether or not he and his regime constitute a threat to world peace. This is not to underestimate El Caudillo's significance as a political figure, to condone in the least the lip-service he gave to the Axis cause or the "Blue Division" which he contributed to German arms against Russia, or to treat with ridicule his potential international boat-rocking proclivities and potentialities. But there are so many important subjects of purely Canadian concern, involving as they do this nation's gradual emergence into the full flush of essential peacetime production—upon which a registered expression of view would be helpful—that matters already engaging the attention of the United Nations almost daily might readily yield priority. And the fact that the main comparative views published on this latest question are a contrast between Ontario and Quebec opinion merely accentuates the unwisdom of its selection. It will convey to most people the impression of an attempt—unwittingly of course—to emphasize sectional attitudes.

Any high school student obviously would have picked Ontario as believing the worst of Franco and Quebec as giving him the benefit of the doubt. But if the revelation that 29 per cent in Quebec and 24 per cent in Ontario could not make up their minds on an external postulate so much in evidence at the moment means anything, it would seem to be that the ramifications of the subject leave normally intelligent people in somewhat of a daze. Although what Franco does or does not do with his political power in Spain is of vital concern to the peaceful progress of the world, we repeat that the Institute could serve a more practical purpose by concentrating its useful instrumentality on Canadian questions on which, sad to relate, there is still insufficient public enlightenment.

A FINE NEW ASSET

TO THE HUNDREDS WHO INSPECTED the completely modern maternity pavilion at the Royal Jubilee Hospital following its formal opening yesterday, the excellent building with its splendid equipment stands forth as an imposing monument to community progress. The claims of those connected with the undertaking—that it would bear comparison with any of its kind in this Dominion—seem too modest. The care with which the unit was planned and erected will be a source of continuing satisfaction to the multitude of citizens who contributed so generously toward the project.

It has been no easy task to overcome the particular problems confronted by those who wished to see Victoria equipped with the best that could be provided in physical facilities for the birth of generations to come. Wartime scarcities, a multitude of calls on the public purse and public energies provided obstacles to the realization of the ideal for which those who pledged themselves to the the project had set their course. But in surmounting these difficulties all connected with the undertaking have made a magnificent contribution to Greater Victoria's welfare. The new pavilion is a symbol of attainment of which all may be proud.

MORAL 'MUSTINESS'

IT IS A SAD COMMENTARY ON THE times that Montreal has been forced into a new era of moral tidiness. The conditions which provoke the invocation of dormant and outmoded ordinances such as that revived in Canada's largest city reflect scant credit on the public. But it is questionable if covering up the human form to a greater extent, to meet the letter of the regulations of the Quebec metropolis, will achieve any substantial improvement in a community's moral character. The youth of today, for instance, cannot imagine why the display of a feminine ankle in his grandfather's time should have carried an impression of the risque. Nor can he understand the horror with which a generation or two earlier than his own viewed the practice of smoking by women. The display of legs to the knee or the use of cigarettes by young women conveys to him no sense of moral turpitude. But they might be given that attribute if convention decreed a return to the street-sweeping hemline and total abstinence from nicotine.

It is only too true that good taste is frequently offended by inappropriate appearances of the so-called weaker sex in too scanty attire in the wrong surroundings. And too frequently the obese accentuate esthetically offensive characteristics in ill-chosen garb. But the "cover-up-and-make-it-moral" school seems to belong to another era. Except in extreme cases, the trend away from the shrouded figure is sensible. We cannot help recalling the handicap under which middy and bloomer girls struggled on athletic teams before the more efficient and attractive shorts and shirt uniforms were adopted. We shudder to think that bigotry might scurry back to the period when tables were draped to the floor to hide their legs.

MAIDENHAIR FERN

IN A COOL CORNER, WHERE THE JOINing garden walls bring shade in the heat of daytime and the sun touches only in the early morning and evening, the maidenhair ferns have taken root and grow luxuriantly. Here they catch all the moisture which drips from an overhanging eve when the rain falls; here the bright, small globes of dew linger. In this secluded spot the dainty fronds mass in a bank of green, a soft wave of verdure that seems arrested at the point of spilling onto the lawn.

Yet the bulk they have attained takes nothing from the intricate delicacy of the individual forms. Each frond holds the miraculous patterning of a jeweler's piece. The filigree of veins traced lightly on the leaf, the etched pores that give a lighter shade at the edge, stand clearly forth from the slender brown stems which draw their color from the rich loam. So finely molded, so lightly held, the greenery shivers in the breath of a breeze. Transplanted from some shy crevice, where it caught the spray from an unfrequented waterfall, the fern has lent its grace to the cultivated garden. And with it it has brought a soothing quality which laves the eyes of those who gaze upon its refreshing hue.

ATOMIC ENERGY: THE AMERICAN PRINCIPLE

THE PROPOSAL which Mr. Baruch has made for the United States is in all its essentials the work of the 10 men who produced the Acheson-Lilienthal report and its covering letter. These 10 men know more about the atomic bomb than any other body of men in the whole world could possibly know. They include the leading men who conceived it, invented it, designed it, manufactured it, and played a responsible part in the military and political planning to use it. No other collection of men in any country, or in this one, could possess the same theoretical and practical, the same intimate and detailed, knowledge. For while the theoretical science is generally known to nuclear physicists everywhere, there is no other group of men who combine all the practical experience of actually making and using an atomic weapon.

Their conclusions require a very special kind of respectful attention, a little like that which an ancient geographer, who knew in theory, but only in theory, that the world was round, would have to pay to Columbus and Magellan.

THUS, WHILE IT MAY be that these 10 men have made an error somewhere in their reasoning, that their solution is not compelling or peculiarly necessary or workable, there are very few men in the world in a position to argue with them. Only a man who knows the science of nuclear physics and the technology of splitting the atom and the military secret of the bomb itself can argue with this committee on equal terms. There are not many such men.

Never before, in fact, has there been a situation like this one. For here is the proposal of as great a project of international collaboration as has ever been made by one government to other governments. Yet the full knowledge, the whole evidence, which supports this proposal, is possessed only by the handful of men who have been permitted to know it, and have the education to understand it. Nevertheless, the proposal has to be considered and negotiated by statesmen and politicians and soldiers and diplomats, and it will be discussed by teachers and preachers and journalists all over the world.

MR. TRUMAN, Mr. Byrnes, Mr. Baruch, and the Senate of the United States, know the conclusions of the men who know. None of them could pretend that he has mastered the evidence which led to the conclusions. Mr. Stalin, Mr. Molotov, and Mr. Gromyko are certainly not better informed than the Americans who at least have had the right to ask any question of anybody who might know the answer.

What does all this mean? Why insist upon the fact that the responsible public men do not know and can not know what will have to be known if atomic energy is to be developed for beneficent and not for destructive ends? We must insist upon it in order to understand the inwardness and virtue of the American proposal.

The essential conclusion of the Acheson-Lilienthal report is that the development of atomic energy cannot be policed by policemen. No set of inspectors can know enough about this mysterious and complex art to police it. The only body of men capable of policing it are the very same men who know how to practice it. That is why the United States is proposing to vest in an international authority the ownership and the manufacture of fissionable materials.

OUR EXPERTS TELL US that only experts on the inside of the whole business can ever know enough to detect the violation of agreements about it. Experts who are on the outside looking in will never know where to look, or be sure they know what they have seen when they have looked at it.

This is the basic principle of the American proposal. It is somewhat as if we were trying to make certain that every building in a new city was absolutely fireproof, and had found from long experience that no one can write a building code or enforce it which makes sure that every building is fireproof: —in looking for the best way to solve this difficulty, we would then propose that the fire department construct the buildings and operate them. The firemen who have to put out the fires would design the buildings they have to protect. One never hears, does one, of a fire that breaks out in a fire engine house and burns down a city?

THERE IS NO REASON to suppose that the American proposal will be quickly and universally accepted, and easily and rapidly put into operation. Nothing new and great in human affairs was ever adopted at once by unanimous consent. But if, as there is reason to believe, the U.S. proposal is at once new and great, then it must be resolved that nothing will cause Americans to hesitate or to falter in the long, hard task of explaining it, demonstrating it, and persuading men to study it, and to understand it.

If it rests on the truth, on a true analysis and judgment of the problem of atomic energy, then the right policy for the United States is to be everlastingly patient and persistent, never taking no for an answer, until at last the truth prevails. Let us not be discouraged by the snap judgment of men who have not understood it, or dismayed by the refusals of governments which cannot have studied it thoroughly. The cause is good and true, and to serve it is honorable, and in the interest of all mankind.

Not until the fall of 1947 is there any hope that world food supplies will come into balance with the urgent needs.—U.S. Under-secretary of State Dean Acheson.

GLOBAL SURVEY

By DEWITT MACKENZIE
Associated Press World Affairs Writer

The sensational arrest in Kashmir of Pandit Jawaharlal Nehru, president-elect of the powerful All-India Congress, had the unhappy result of halting the negotiations over Indian independence at New Delhi at a crucial moment, but in the long run the repercussions may have a salutary effect.

The incident is endowed with all the mystery and drama for which we are accustomed to look in Hindustan. The Pandit Nehru—a Kashmiri Brahmin and so of the highest caste in Hinduism—proceeded to the dream-land of Kashmir ("Pale Hands I Love"), which is his native state, on an extraordinary mission.

That mission hasn't been fully explained but, to use Nehru's own language, he intended "to put an end to the complications arising from the policy of the Kasmir government." Specifically, it appears that he was going to aid in the defence of Sheik Abdullah and others accused of sedition against the Maharajah, Sir Hari Singh. And our story wouldn't be complete if we didn't mention here that the Maharajah is one of the world's richest men, with a private fortune estimated at $200,000,000, and has a decided penchant for the good things of life.

UNUSUAL ACTION

However, the real significance of the situation lies in the fact that His Highness is a Hindu who is ruling over a population of some 4,000,000 who are almost wholly Moslem. And here we have the blueblood Hindu Nehru—who next to Gandhi is the most powerful personality in India—rushing to the assistance of Moslems, although Moslems and Hindus are in theory mortal enemies.

With Nehru's arrest the All-India Congress registered its indignation by postponing indefinitely its decision whether to accept the British plan for a provisional Indian government. That was a shock, inasmuch as the protracted negotiations between Britain and the Indian leaders had seemed about to bring agreement.

It will be a tragedy if agreement isn't reached for Indian freedom now. The United Nations need this great new force for the building of peace and prosperity in the Orient.

CAUSE OF CANCER

Referring to your correspondence on the cause of cancer (June 10), common sense condemns poisoning the blood with organic matter (sera and vaccines), chemicals, etc. Some doctors emphasize the importance of dieting. Dr. R. Bell, London physician and cancer specialist said: "The chief if not the sole cause of this monstrous increase in cancer has been vaccination."

A former examining physician in England for some half-dozen prominent insurance companies condemns inoculation and vaccination. He warned us personally against these processes, claiming them as the chief cause of cancer.

Esquimalt To Get Improved Bus Service

Reeve Thomas Hadfield told Esquimalt council at their meeting Friday evening that the B.C. Electric had assured him the district would have an all-day direct bus service to the city and that this service had already commenced.

"We can't ask for new buses on old roads," he said during discussion of improvements to Fraser Streets between Munro and Esquimalt Road.

The council decided to instruct R. S. Stevens, municipal engineer, to obtain a price for surfacing the stretch with asphalt.

On a motion by Councillor J. P. A. Christenson, it was decided to instruct Mr. Stevens to call for tenders for dressing rooms at Bullen Park.

Councillor A. C. Wurtele reported the city health board had asked the municipality to take a referendum on chlorination at the next elections. The matter was held over.

G. H. Sedger, municipal solicitor, in a letter to the council suggested that members view premises at 493 Sturdee Street before making a decision to have them demolished. The matter was left for further discussion at the next meeting.

Following reading of letters from the City Clerk and the municipalities of Oak Bay and Saanich informing Esquimalt the district had passed by-laws authorizing entering into an agreement for unified transportation, Reeve Hadfield pointed out that the respective by-laws differed. It was decided to delay passage of the Esquimalt by-law until agreement was reached on the by-laws of the other districts.

Peter P. Brown, 512 Constance Avenue, was granted permission to purchase a lot on Munro between Kinver and Lampson for $80 provided he be prepared to pay his share of water costs.

Councillor Wurtele objected to passage of a by-law providing for closing barber shops one full day each week. Reeve Hadfield pointed out that if a majority had asked for the by-law the council was obliged to comply with the request. The by-law was approved and given first and second readings.

On a motion by Councillor Christenson it was decided to ask property owners on Admirals Road, north of Esquimalt Road, to donate property to straighten out a jog in the road.

Starts Spadework For Organization Of Cadet Squadron

Of the firm belief that in this air age there is a keen desire in the ranks of local youth to learn the intricacies of aeronautics, Charles Routley, wartime assistant commander of air cadet officers for Western Air Command, has started the spadework for the organization of a postwar air cadet squadron for the Greater Victoria area.

During the period of World War II, Mr. Routley was one of the mainsprings behind the establishment of five squadrons in the greater city area high schools and others throughout the province. Since the war's end these have been disbanded.

Mr. Routley's advertisement of his intention to form a peacetime unit attracted 10 youngsters to a meeting in the Y.M.C.A. Thursday night. They will be the nucleus of what Mr. Routley visions as a 50 to 60 strength squadron by September.

"As soon as I get a half hundred enrolled we will swing into the opening period of training," he said. Any youngsters aged 14 to 18 can contact Mr. Routley either at his address, 3396 Salsbury Way, or by phoning E 5655.

WAR VETERAN OFFICERS

The organizer is negotiating to have repatriated air veterans of the recent war to officer his youthful squadron. "If an auxiliary branch of the R.C.A.F. is formed here, and indications point that way, the cadets will become a part of it," he said.

Across the Dominion there were 23,823 cadets in 289 squadrons operating at the end of January this year.

Drama Festival Plans

Maj. L. Bullock-Webster, who returned from Ottawa today, reports that the meeting held in the Chateau Laurier for the purpose of discussing revival of the Dominion Drama Festival was well attended and entirely successful. It was decided to hold the Dominion festival during 1947 with eliminations in each region, and the finals in London, Ont., the reason for this being that the theatre in Ottawa is not at present available. It will be a festival of both three-act plays and one-act plays. The Maritime provinces will probably combine to form one region. It was further decided that the finals should be held in Ottawa in 1948 if the theatre is by then available, and that in the following years it should be held in different parts of the Dominion.

Flt. Lt. Jim Lang arrived from England Thursday afternoon and is the guest of Dr. and Mrs. H. E. Ridewood, 422 St. Charles Street. Mr. and Mrs. Herbert Spalding of Duncan with their two sons, David and John, have also been recent guests of Dr. and Mrs. Ridewood.

Mrs. Joseph Hudson, the former Miss Frances Borde, was guest of honor recently at a post-nuptial shower tea, the hostess being Mrs. Wilfred Fraser, Lee-Oaks Apartments. Guests were: Mesdames L. H. Borde, A. E. Morbey, W. H. Sturrock, D. R. Whelden, S. K. Smith, W. Colvin, N. Bouchard, A. E. Beasley and S. Barlett.

Dr. Leon Gerin-Lajoie and Madame Gerin-Lajoie, with their two daughters, Yvette and Denyse, and their son, Guy, arrived in Victoria Friday from Montreal to spend the week-end at the Windsor Auto Court. Dr. Gerin-Lajoie, who is president of the Canadian Medical Assoociation, motored from Montreal with his family to attend the association convention at Banff. Madame Gerin-Lajoie is a niece of Mr. and Mrs. H. D. Parizeau, 953 Richmond Road, with whom they will visit over the week-end.

Miss Joy Sprinkling, who will be married shortly, was honored at the tea hour this afternoon when Mrs. J. P. Pawson entertained the young ladies on the staff of the Bank of Nova Scotia at the Empress Hotel. Mrs. R. MacKay assisted in serving and Mrs. W. J. Peers poured. The guests included Misses Lorna Le Gallais, Nancy Lev, Betty Austin, Dorothy Drury, Babs Laverner, Connie Taverner, Beverley Cave, Gertrude Lane and Dulcie Hewison.

MRS. K. C. DRURY

Elected by acclamation at the annual meeting held in Prince Robert House Friday afternoon, Mrs. Kenneth C. Drury will lead activities of the Women's Canadian Club for the coming year.

Mrs. H. L. Smith is the new first vice-president and other officers are Mrs. W. H. Wilson, second vice-president; Mrs. J. M. Ewing, recording secretary; Mrs. Gordon Cameron, historian; Mrs. Rupert Wickson, treasurer; Mrs. E. M. Straight, assistant treasurer.

The executive committee is as follows: Mesdames V. L. Annett, A. H. Cox, G. Fletcher, D. McAdie, W. B. Milburn, E. G. Rowebottom and R. A. Wootton.

Mrs. A. J. Campbell, the retiring president, presided at the meeting. Mrs. W. H. Wilson gave the secretary's report showing an active membership of 1,013.

During the past year two bursaries of $100 each have been presented to Victoria High School students and a history prize. Mrs. Wilson also spoke of the parcels of food sent twice a month to three boys in Paris under the convenership of Mrs. Drury.

Total receipts as show in the report of Mrs. J. L. Clay, treasurer, were $2,578.32 with a balance of $278.80. Club bonds total $700.

A special donation of $500 was given to furnish a private room in the new maternity wing at the Royal Jubilee Hospital; $25 to the Princess Alice gift fund and $25 to the United Nations' Society.

Announcement was made that Mrs. Campbell will represent the club at the biennial convention to be held at Fort William in August. Miss Alma Russell acted as returning officer for the election and scrutineers were Mesdames H. Booth, A. D. Muskett, E. Tomlin and Miss I. Leeming.

Lieut. Francois de Roussey de Sales was the speaker for the afternoon.

This young man as a boy scout of 15 in France saw children killed in the roads and old people shot in the back.

Later, as a college student, a member of the First French Army and then as part of the underground movement he fought the Germans.

Now, at 21, he speaks for the youth of France, portraying the horrors they endured under Nazi occupation and the hard school of resistance in which the young people learned to kill, to rob collaborationists and to deal with the black market in order to live. He also spoke of the terrific problems they have to face in their reconversion to a peace-time life.

Earlier in the day, Lieut. de Sales addressed a luncheon meeting of the Men's Canadian Club in the Empress Hotel on the same subject.

Mrs. Doherty Heads Hospital Auxiliary

Mrs. Frank Doherty was re-elected president of the Ladies' Auxiliary to St. Joseph's Hospital, it was announced at the annual meeting held Friday afternoon in the Nurses' Home.

Mrs. I. B. Dixon will be vice-president, succeeding Mrs. L. Bullock-Webster; Mrs. T. Taylor, secretary, replacing Mrs. J. McConnell, who is leaving the city, and Mrs. Blair Reid will carry on as treasurer.

The Superior, Sister Mary Kathleen, thanked the members for their support and suggested that the objective this year be the purchasing of a Model Two type photo X-ray unit for making miniature chest X-ray films. She told members the sum of $4,391.48 donated during the past year by the auxiliary has been applied to the building fund and to purchase dish-washing machines and a floor polisher.

Sister Mary Gregory, superintendent of nurses, expressed her appreciation of members' gifts to the hospital and their help in keeping linen mended and supplied.

The main effort of the auxiliary during the year was the annual bazaar, when the sum of $2,720.48 was realized. Mrs. R. N. Dickinson, sewing convener, reported 1,821 articles made, also 20,411 sponges. Tea arrangements following the year's meetings were made by Mrs. Llewellyn Jones, assisted by Mrs. E. Hornsby. Presentation of a cup and saucer was made to Mrs. McConnell, retiring secretary.

Sisters of the hospital were hostesses at tea following the annual meeting.

Ration Coupons

Ration coupons valid Monday are: Butter, Nos. R1 to R12; meat, Nos. M29 to M42, and sugar, Nos. S1 to S16.

Undressed Dolls Needed

In connection with the special appeal being made to children of Victoria by Mrs. W. C. Woodward to help her in making this year's Christmas a happier one for the children of the British Isles, it is announced that small and medium sized undressed dolls are badly needed.

A volunteer corp of workers has offered to dress these dolls. They can be brought or sent, along with other toys, to Government House, or dropped in the container at the doors of either Spencer's or Hudson's Bay.

All donations of toys and other articles must be in by August 15 when Mrs. Woodward will have them packed and sent to the Women's Voluntary Services, London, England, so they can be distributed in time for the Christmas season.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge $1.50 for 10 lines and 15c for each additional line.

Mr. and Mrs. L. G. Dauphin, 123 Olive Street, wish to announce the engagement of their younger daughter, Hazel Joyce Myra, to James Henry Wilson, only son of Mrs. A. Wilson, 120 Olive Street. The wedding will take place at the Church of Our Lord, Humboldt Street, August 3 at 7.30 p.m.

Mrs. A. W. Sharpe, 3905A Cadboro Bay Road, wishes to announce the engagement of her youngest daughter, Thelma Katherine, to Glynn Price Stoneberg, son of Mr. and Mrs. F. Stoneberg, Vancouver. The wedding will take place quietly the end of June.

Mr. and Mrs. George G. Dixon, 24 South Turner Street, announce the engagement of their younger daughter, Helen Bruce, to Mr. Robert B. Wallace, youngest son of Mr. and Mrs. S. A. Wallace, Vancouver. The wedding will take place July 20 at Trinity Memorial Church, Montreal.

White Chiffon Model Chosen By Bride

Tall baskets of early summer blooms formed a pretty background in St. Andrew's Presbyterian Church for the marriage ceremony this afternoon at 3 which united Mary Kinnaird Duncan, R.N., only daughter of Mrs. William Duncan, 225 Vancouver Street, and the late Mr. Duncan, and John Samuel Magnor of Victoria, younger son of Juluis Magnor, Watrous, Sask., and the late Mrs. Magnor.

Rev. G. A. Reynolds read the service and C. E. Warren was at the organ. Mrs. A. W. Trevett was the soloist.

Escorted down the aisle by her uncle, E. M. Whyte, the bride wore a model gown of embroidered starched chiffon, featuring a tiny waistline of graduated pleats, extending in unpressed pleats into a full skirt with a long, fan-shaped train. The short sleeves and neckline were outlined with crushed gardenias, and her finger-tip veil of diaphanous tulle fell softly around the face from a headdress of fresh gardenias. She carried a bouquet of butterfly roses, carnations and stephanotis.

Mrs. J. Dimery Johnson was the bride's only attendant, wearing a quaint frock of cloud pink dotted muslin with tuxedo tucked bodice and full skirt. A chapel veil held with pale pink flowers and a colonial bouquet of pansies completed the ensemble. Harold C. Gibson was best man and ushering were Wilmor Naylor and John H. Lacey.

A reception was held at the home of the bride's mother, where she was assisted in receiving the guests by the groom's sister, Mrs. Wilmor Naylor.

Leaving for a honeymoon at Qualicum Beach Hotel, the bride wore a three-piece suit of turquoise blue with model matching hat, plastic accessories and orchid corsage bouquet. Mr. and Mrs. Magnor will reside in Victoria.

For Chief Guider

A signed copy of "B.C.'s Marching Song," by John Rowland of Victoria was presented to Lady Baden - Powell, Chief Guide of the World, during her visit to the North Okanagan, according to word received from Mrs. H. L. Coursier, divisional commission of the Canadian Girl Guides' Association, division of North Okanagan. The song was presented together with an inlaid wooden plaque and a colored photograph of apple blossoms in the Okanagan, and will be taken to International Headquarters for Guides in England, where they will be hung in the Canada room.

Miss P. Dobbs, a gifted young designer of women's clothes, has recently arrived in Victoria. She creates beautiful one-of-a-kind, hand-tailored suits from lovely imported wool fabrics. Miss Dobbs uses not only the beloved British wools, which have been so difficult to get during the war years, but is introducing to Victoria suits made of fine Australian virgin wools. These materials are beautifully woven and come in such delightful colors that every woman who sees them will want to wear one. Miss Dobbs designs and cuts each suit personally, and under her careful guidance her staff makes them up. She is a stickler for detail and takes particular joy in exquisitely finished buttonholes and well anchored linings. Herself the personification of femininity, this clever designer believes that dressmaker suits with soft touches are definitely the most becoming to women. She believes in the gently rounded shoulder and the revereless neckline. She feels that in the creation of good lines the power of understatement cannot be overestimated. Miss Dobbs plans to open her suit salon at 1031 33 Fort Street next Thursday.

Parent-Teacher Council Names Mrs. W. Blair New President

Mrs. William Blair was elected president by acclamation at Friday evening's annual meeting of the Victoria and District Parent-Teacher Council held in the Y.W.C.A.

J. F. K. English will be honorary president and other officers elected were: first vice-president, Mrs. G. W. Pottinger; second vice-president, Mrs. J. R. Nicholson; recording secretary, Mrs. L. Harper; corresponding secretary, Mrs. L. O. Grimm; treasurer, Mrs. A. F. Bayles.

Conveners are as follows: youth welfare, Mrs. E. C. Peters; membership, Mrs. L. Hudson; publicity, Mrs. M. Hurst; fine arts, Mrs. T. S. Floyd; recreation, P. Noel; discussion groups, Mrs. M. L. Brown; health, Mrs. A. B. Thompson; community standards, Mrs. W. G. Woollett; lierature, Mrs. D. B. Ashworth; radio, R. E. Laurance; parliamentarian, T. S. Floyd; historian, Alfred Cullin; pre-school, Mrs. R. H. Flint; social, Mrs. C. McGee; pianist, Mrs. D. White.

Austin Curtis, chairman of the Greater Victoria School Board, conducted the election and the officers were installed by J. E. Brown, an inspector of schools. Presentations of corsage bouquets were made to the retiring president, Mrs. Ernest Evans, and to Mrs. E. Lorimer, who originated the Parent-Teacher Association in Victoria in 1915.

Annual reports were presented in book form and showed membership as 2,913 with 26 affiliated associations. Special activities included: two-day Parent Institute, picnic with all affiliated associations, arrangements for advance sale of text books, direction of National Clothing Drive, night school couse in child-parent play-group leadership, brief on salacious literature, sponsored lectures and a variety concert.

At the general meeting which preceded the annual, three resolutions were passed. Support of the government was asked for art classes to be given for children at the Little Art Centre; a request made for Saturday morning art classes for children and the removal of the two-cent tax from soft drinks was urged.

Mrs. Blair reported on the National Clothing Drive and the P.-T. convention, and announced the annual picnic will be held July 3 at 12 at the Willows Park. The affair will be opened at 2 by Mrs. Evans.

Mrs. Nicolson spoke of attending a meeting of the Anti-Inflation League, she and Mrs. G. W. Pottinger being appointed delegates for future meetings. Members were asked to stress the early buying of school books, which will be on the market during July and August, to avoid the rush in September.

Three humourous sketches were presented by Mrs. Gordon Downes during intermission, and later refreshments were served.

Men and Women of Canada

The food which you are generously sending to Europe will help prevent another World War. The advertisement reproduced here is one of a series which appeared throughout the United States to enlist American help for Europe's underfed. There can be no lasting peace while one quarter of the world's people is hungry.

President, H. J. Heinz Company

REPRINT

You Can Help Prevent Another World War

- Man's greatest single step toward unity and peace is the UNITED NATIONS ORGANIZATION.
- But today there are hungry millions in Europe—and hungry nations, like hungry individuals, become selfish and desperate. Where there is hunger there can be no unity or peace. Hungry and desperate people, despising their lot, will follow tomorrow's dictators. Violence, revolution and wars are born of empty stomachs.
- We must help these people. Common decency demands it—world peace and progress depend upon it. If we fail to help enough and in time, those who suffer will not forget our empty promises.
- Democracy is on trial throughout the world. If we send food now, we will demonstrate the moral, spiritual and material might of America; we will help lead the way to peace.
- As a witness to scenes of starvation in Europe, I can assure you that for many our help is already very late. As a manufacturer of food, I can tell you that the greatest reserve from which starvation can be halted is in the United States.
- What can each of us do about it?
- Follow the food-saving suggestions of the President's Famine Emergency Committee below. Your savings plus the savings of millions of other Americans will go far to meet our pledge of food to Europe.
- Write your Congressman and ask him to use every means at his disposal to speed shipment of food to Europe.
- This is a year of destiny. Sharing today is your assurance of a peaceful world tomorrow.

President, H. J. Heinz Company

Here is what you can do to save vitally needed food:*

- Never waste bread. Make three loaves do the work of five.
- Serve potatoes more often. Try potato pancakes, potato soup and potato salad.
- Substitute fruits and other desserts for cakes and pastry.
- Serve oatmeal often. One serving equals two slices of bread in food value.
- Serve open-face sandwiches and pies.
- Use less wheat cereals and other wheat products.
- Save and re-use fats and oils.
- Serve fewer fried foods.
- Salvage all fats that can't be re-used and turn them in to your butcher or grocer.
- Use fewer oil dressings—more boiled dressings for salads.

'Rep By Pop' Bill Well Supported In Que., Not Elsewhere

By Canadian Institute of Public Opinion.

TORONTO. — The "Rep by Pop" principle takes a beating outside Quebec if it means increasing the Quebec representation in the Federal House of Commons. This is the current public attitude on the St. Laurent bill which was passed by the House of Commons Thursday. It increases the seats in the House from 245 to 255. Quebec gets eight of the ten new seats. Three out of every four Canadian voters outside Quebec, who have a definite opinion on the subject, are opposed to redistribution of Commons seats, giving Quebec more members. This is the judgment disclosed in the latest country-wide Gallup poll of a true cross-section of the adult population conducted by the Institute.

In Quebec, almost seven out of ten voters said "Yes" to the question:

"If the number of members of parliament from each province were based on the population of each province, Quebec would have at least seven more members in the Ottawa House of Commons that it used to have. Do you think the present law should be changed to bring this about or not?"

OPPOSITION CONSISTENT

Opposition to redistribution is generally consistent throughout all areas outside Quebec, the Institute found.

	National	National Ex-Quebec
Yes, changed	32%	21%
No, no change	51	63
Undecided	16	16

Reasons for opposition most frequently voiced were: "Quebec has enough say now," and "Quebec would have too heavy a balance of power." Some voters sought to justify denying Quebec more equalized representation because "they have more solidarity than the other provinces."

The Quebec majority advocating the change reiterate the "Rep by Pop" argument presented by the minority elsewhere who favor redistribution: "Equal representation is fair," "It is the fundamental basis of Confederation." Others urged the change "so that Quebec people will not feel that the rest of Canada is opposed to them."

YOUTH LESS OPPOSED

The younger voters are more tolerant on the issue than their elders, as the age-group breakdown reveals:

	21-29 Years	30-49 Years	50 and Over
Yes, changed	41%	33%	29%
No change	44	50	56
Undecided	15	17	15

Men favored redistribution in greater proportion than women; the college-educated more than others, and residents of large cities more than the farm and smaller city voters, but in none of these groupings do the advocates of change form a country-wide majority.

U.S. Freight Rates Will Be Increased

WASHINGTON (AP)—A 6 per cent general freight rate increase for rail and water carriers in the United States was authorized by the Interstate Commerce Commission Friday pending a hearing on the railroads' request for a 25 per cent hike.

The increase, which excepts certain basic commodities, can become effective July 1 on three days' notice. The commission will announce a date later for hearings on the requested 25 per cent increase.

A 3 per cent increase was authorized for products of agriculture, livestock and its products and low-grade products of mines, such as sand, gravel, broken rock and slag.

A further increase of 5 per cent, on top of the general 6 per cent boost, was authorized for eastern railroads, except on anthracite, bituminous coal, lignite and iron ore.

Passenger fares remain unaffected.

The commission estimated the increases will bring the railroads about $390,000,000 in increased gross revenues on an annual basis.

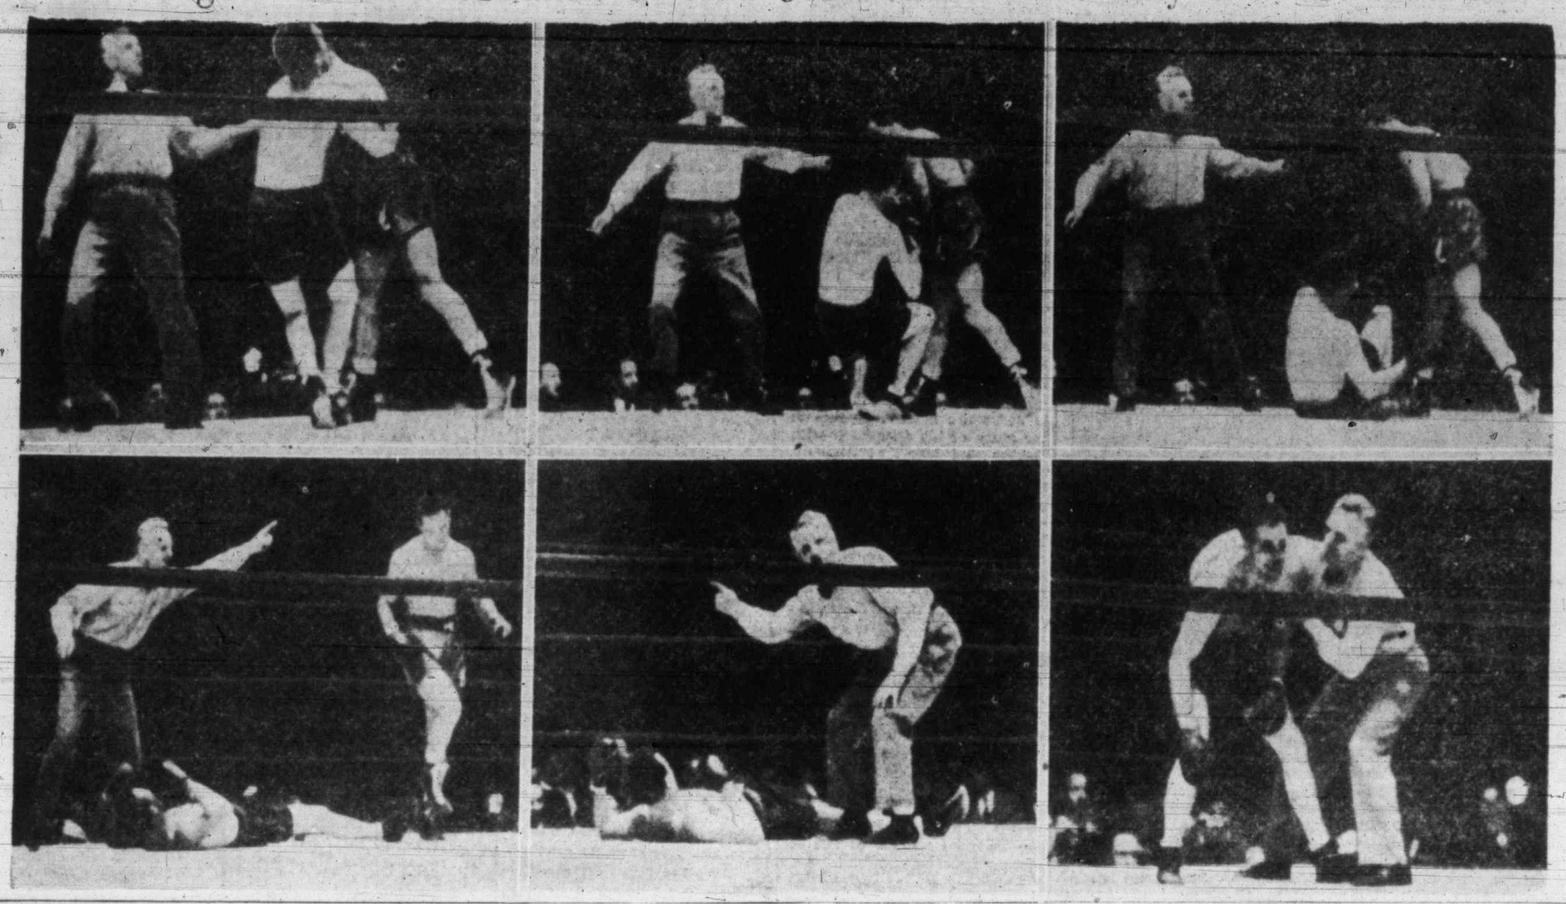
Dramatic Eighth Round Illustration Of How Joe Louis Draped Billy Conn On The Canvas!



Salmon Sets Another Canadian Swim Mark

Swimming for the last time in Victoria as a junior, lanky Peter Salmon, Canadian record holder, broke another Dominion breast stroke mark in the Y.M.C.A. championship gala at the Crystal Garden last night when he thrashed over the 50 yards course in 29.2 seconds. His victory in that specialty, coupled with wins in other events, gave him the intermediate club championship, five points ahead of Eric Jubb and Jack Creedon, who will form with him Victoria's representation at the Canadian championships in Hamilton next month.

The annual "family party" included 28 events and produced some bang-up competition as Archie McKinnon's outstanding water boys and girls demonstrated their proficiency to their local supporters. Events were particularly close in the junior section, in which Ray Jub and Barry Caviness tied for first honors.

NIXON TAKES TITLE

Among the seniors Rod Nixon annexed championship laurels, beating Bob Montgomery by a single point in the men's division, while in the girls' section Joan Morgan finished three points up on Leslie Rimmer, who rounded out a nice swimming performance with a neat diving display in company with springboard ace Ted Rau.

Jean Mills bested Audrey Schofield in the intermediate girls' division, and Myfanwy Nixon and Louis Naysmith finished first and second in the girls under 15 group. Keith Howard and Bob Abbott tied for the boys under 12 title, and Carol Anne Graham won by a single point from Margot Wood in the similar class for girls.

A smart comedy turn by Bob Mohigomery and Dick Bowden and team diving by Rau and Jack Moffatt completed a good program.

200 Contenders For P.N.W. Golf Tourney

TACOMA (AP)—The northwest's topflight amateur golfers lined up more than 200 st ong today for a crack next week at the titles now held by Harry Givan of Seattle and Betty Jean Rucker of Spokane.

The maximum number of entries permitted — 160 — were expected for the qualifying rounds in the 4th annual Pacific Northwest Amateur Golf Association championship tournament, which opens Monday morning on Fircrest golf course. And upwards of 70 women will tee off on the nearby Tacoma Country and Golf Club's tough layout.

Givan faces a tough opponent in Marvin (Bud) Ward of Spokane, the U.S. amateur champion and former P.G.N.A. titlist.

FASTBALL PRACTICE

Youth Action Committee fastball team will hold a practice tomorrow morning at 10.30 at Victoria High School grounds.

VANCOUVER (CP) — New Westminster Adanacs triumphed 15 to 12 over the North Shore Indians here tonight in a hotly contested but surprisingly clean intercity Lacrosse League game.

Hughson Bests Feller

Three of his Boston Red Sox pitching mates have won more games, four own a better record, yet when the chips are down it is Cecil (Tex) Hughson who invariably comes through for Manager Joe Cronin with that all-important win.

The tall Texan, only Boston hurler to win on the current western trip, was the hero of what may well turn out to be Boston's most significant victory of the year when he bested Cleveland's Bobby Feller 1 to 0 last night in as brilliant a mound duel as witnessed all season.

The triumph, Boston's second in the last nine starts, aside from giving the faltering American League leaders a psychological lift, enabled the Red Sox, for the first time in nearly two weeks, to widen the gap between themselves and their nearest pursuers. The victory stretched Boston's lead to 7½ games over the New York Yankees.

The National League leading Brooklyn Dodgers also came through their toughest test with flying colors when they subdued the challenging St. Louis Cardinals 7 to 5 in the opener of an important three-game series. The victory enabled the Flatbushers to increase their first-place margin to 2½ games over the Red Birds.

CHICAGO WINS

The third-place Chicago Cubs climbed to within 2½ games of the Cards by downing New York Giants 5 to 4.

Hal Newhouser, Detroit's sensational southpaw, chalked up his 100th mound triumph in his seventh major league season by pitching the Tigers to a 6 to 2 win over the Yankees.

Behind the three-hit hurling of Schoolboy Rowe, Philadelphia Phillies emerged from the National League cellar for the first time this season by downing Cincinnati Reds 2 to 1.

Mort Cooper scattered eight hits in pitching Boston Braves to a 3 to 2 triumph over the Pittsburgh Pirates.

Cecil Travis' bases-loaded single in the ninth broke up a 1 to 1 hurling duel between Dutch Leonard of Washington and Denny Galehouse of St. Louis to give the Senators a 4 to 2 win over the Browns.

The Philadelphia Athletics also triumped in the ninth, scoring two runs in the ninth to defeat the Chicago White Sox 5 to 3.

Athletics Enjoy Forced Layoff; Salem Tops Again

Victoria Athletics in the midst of their longest winning streak—four straight—were forced into idleness at Vancouver yesterday when their Western International League ball game was postponed on account of wet grounds. The A's and Caps were scheduled to run off two games today and continue with games Monday, Tuesday and Wednesday before returning to this city for four games next Thursday, Friday and Saturday.

That little game of leapfrog Salem and Wenatchee have been playing in the league was going full tilt last night with Tacoma, anxious to get in on the fun, holding Wenatchee down while Salem hopped back into first place.

The hottest team in the loop—Bremerton—kept right on galloping toward the leapfroggers by cracking out an 8 to 5 win over Yakima.

By losing to Tacoma, 7 to 3, Wenatchee dropped five percentage points behind Salem, which bested Spokane 9 to 3. Tacoma now is four games out of first place, Bremerton four and a half.

Short scores follow:

	R.	H.	E.
Salem	9	15	0
Spokane	3	12	1
Batteries: Soderburg and Kerr; Barisoff, Faria (1), Powers (7) and Hartje.			
Bremerton	8	14	4

Batteries: Green, Babbitt (2) and E. Fitzgerald; Junghluth, Green'aw (8) and Kemner.			

Ciros Win 10th In Fastball Play

Ciros continued their march towards the men's senior fastball league championship Friday evening, downing the winless Canadian Legion club 6 to 1. It was Ciro's 10th triumph of the season in 11 starts.

Vic Burtt, Ciros' left-handed moundsman, showed good control in holding Legion to three hits. Two of the hits were consecutive in the second inning and resulted in the ex-service team's lone marker. The two hitters were McDonald and Sage.

Bert Nelson pitched well for Legion, allowing Ciros to seven hits, but his support from the infield was lacking. Three runs came in the fifth and three more in the eighth.

Next game in the league will be Sunday afternoon, 2.30, at Central Park, Ciros meeting Legion again, Monday evening, 6.30, Hoyle-Brown will meet Legion on the same grounds.

Court Orders Seattle Rainiers To Pay Niemiec Season Salary

SEATTLE (AP) — A federal judge applied the Selective Service Act to baseball players Friday and told the Pacific Coast League Seattle Rainiers to pay a discharged second baseman the difference between his $730 monthly prewar salary and what he earns in other employment.

Judge Lloyd L. Black ruled that Al Niemiec, whom the Rainiers let go this spring on the ground that he had slowed down, was entitled to his former salary for the entire season, minus other earnings. Tom A. Durham, assistant United States attorney, confirmed eastern reports that Niemiec was released at his own request Thursday from a $150 monthly contract with the Providence (R.I.) Cranston Club of the New England League, and that he planned to stay in Seattle. Niemiec was not immediately available for comment.

"The ball club," Judge Black said, "need not play, but must pay, the petitioner."

The decision may have wide effect, since organized baseball generally has guaranteed veterans only a 30-day trial.

Juvenile Baseball Clubs Play Sunday

Juvenile nines of the Victoria Minor Baseball Association will be in action tomorrow afternoon at Hampton Road Park and Colville Road, both games starting at 1.45.

The league-leading Eagles will tangle with the Tillicum Athletic Club at Hampton Road Park, while Royal Canadian Navy and Bake's Top Notch collide at Colville Road.

Secretary George Cole reports that Esquimalt Taxi team is leading the parade in the midget department, while the top nine in the bantam division is Cardinals.

If there are any baseball clubs in the juvenile age section (18 years and under) or midget teams (16 years and under) throughout Vancouver Island that wish to arrange exhibition games with the local association they are asked to contact Cole at 1327 Balmoral Road.

LONGEST DAY GAME

Annual longest day game will be played on the Burnside Lawn Bowling Club greens tomorrow, starting at 2.15. Mixed rinks will be staged of three games and eight ends. The competition is open to all bowlers in Greater Victoria.

Oakland Increases Coast League Lead

Approaching midseason with a two and a half game lead in the Pacific Coast Baseball League, manager Casey Stengel of the Oakland Acorns today happily displayed his silencer for the pennant-boosting fans' unrest over his infield.

The silencer's name is Ray Hamrick, formerly of the Philadelphia Phillies. His smooth performance at shortstop last night in the Acorns' 9 to 2 shellacking of Los Angeles kept the quick-lipped Oakland backers contented.

The second place San Francisco Seals let the gap separating them from the Acorns widen as they fell 6 to 5 before the Hollywood Stars.

In the only other league game last night the Sacramento Solons eked out a 2 to 1 decision in 11 innings over the Seattle Rainiers.

Edgelow And Laddie Defeat Jesse Owens

Jesse Owens may have scored victories over horses in previous exhibitions, but the former Olympic sprint champion didn't stand a chance last night at Athletic Park when he came up against Geoff Edgelow and his white thoroughbred Laddie.

Staged as an added attraction to the Seattle-Portland negro baseball game, the race saw Edgelow get his mount away to a flying start, catch Owens after about 20 yards and finish the century dash a good 15 yards ahead.

Performance of the two ball clubs failed to produce anything in the way of excitement as the Portland nine chalked up an 8 to 2 triumph. The Seattle club ruined any chances of winning with eight errors. Overton, on the mound for Portland, came up with a five-hit pitching trick, showing a fair curve ball and turn of speed.

Short score follows:

	R.	H.	E.
Portland	8	12	3
Seattle	2	5	8
Batteries — Overton and Hardin; Sayler and Marcell.			

Pace Golf Field

TOLEDO, O. (AP)—Shooting consecutive best ball rounds of 64, the team of Byron Nelson of Toledo and Harold (Jug) McSpaden of Sanford, Me., was out in front by two points Friday at the end of the third round of the Inverness invitational golf tournament.

Nelson and McSpadden drubbed Toney Penna of Cincinnati and Herman Barron of White Plains, N.Y., five up in the morning round and did the same to Herman Keiser of Akron, O., and Chandler Harper of Portsmouth, Va., in the afternoon.

Those two triumphs gave the Nelson-McSpaden duo a score of 13 points to 11 for Ben Hogan of Hershey, Pa., and Jimmy Demaret of Houston, Tex., the first day leaders.

Expect Big Crowd At Langford Races

With the weatherman promising "clear skies" for tonight, another big crowd is expected at the international auto races presented by the B.C. Automotive Sports Association at the Langford Speedway. The program will get under way with time trials at 7.45.

At least four U.S. drivers and their four-wheeled power plants will show, race officials stated today. There possibly may be more. The "definites" are Lou McMurtry, a regular visitor from Seattle; Zeke Ziegler, another Seattle boy who has shown here twice this season; and two newcomers from the Puget Sound City, Dell Fanning and Don Baker.

Digger Caldwell, the local boy who has really made good in Langford programs, taking the main events in every one of the shows so far, will head the Victoria contingent of speedsters. Others who will be wheeling include Jerry Vantreight, Corky Thomas, Johnny Wright, Bob Wensley, Jack Norton, Pike Green and Vancouver's Jack Spaulding.

Best Rose In June Flower Show

A McGredy's Yellow rose, entered by Harold O. Simpson, won the prize for the most beautiful rose exhibited in the summer flower show of the Victoria Horticultural Society. The show, held in the lower ballroom of the Crystal Garden, will end with an auction at 9.15 tonight.

Fred Taylor, who specialized in rose entries, took top honors in the flower show, with 11 first prizes and four seconds. Mrs. Angus MacKay, who exhibited a variety of flowers, placed second, and Mr. Simpson, with an exhibit of roses, third.

More than 300 exhibits were entered. Judges were W. G. Darling, head gardener at Government House; Fred Saunders, head gardener at the Empress Hotel; W. C. Hamilton, head gardener at Lansdowne Road Military Hospital, and E. W. White, Department of Agriculture.

Eurasian Javanese Girl Key Figure In $40,000,000 Theft

BATAVIA, Java (Reuter)—A dark-eyed, 27-year-old Eurasian girl who boasted to her friends that "I am richer than any queen" is a central figure in one of history's greatest loot cases—disappearance of $40,000,000 worth of gold and jewelry soon after the Japanese collapse. Investigation has brought arrest of 11 persons, including a British security captain.

British and Dutch agents have recovered practically the entire treasure, looted by a Japanese officer, and most of those arrested will be charged before the Batavia court in nine days.

Former mistress of a Japanese officer, bright-eyed mother of two half-Japanese babies, the Eurasian girl, Carla Wolff, became a fabulous figure in Batavia before the full story of the theft came to light. She kept an armed bodyguard and friends: "I sleep in a gold bed and eat from gold plates."

The robbery was discovered when Carla complained that a British officer had used third-degree methods to obtain information.

Asked by the Dutch prosecutor to whom she took her complaint why she had been ill-treated, Carla casually replied. 'Oh—it was about the gold and all that."

"All that" comprised the valuables of all the pawn shops in Java—a hoard of gold and jewelry worth $40,000,000.

The robbery was carried out three days after the Japanese capitulation when Capt. Nakamura of the Japanese military police visited the Batavia head office of a government pawn service—all Java pawn-broking is government controlled—and filled 10 steel boxes and crates with the most valuable loot he could find.

A British officer, Capt. J. R. H. Morton, was arrested for his alleged part in the disposal of a portion of the loot and Scotland Yard officers are awaiting the arrival in Britain of Sgt. K. F. Dawson, who is aboard a ship from Batavia.

Bill Would Outlaw Union Racketeering

WASHINGTON (AP) — The Hobbs Bill making unions in the United States subject to the Anti-Racketeering Act sailed through the Senate Friday and on to President Truman's desk despite bitter opposition from labor leaders.

The bill would make it unlawful for union members along with anyone else to hinder interstate commerce by "actual or threatened force, or violence, or fear of injury, immediate or future."

The bill has been offered annually by Representative Sam Hobbs (Dem., Ala.), since 1942, but it never before cleared Congress. However, its main provision was embodied in the Case Labor Disputes Bill which Mr. Truman vetoed as a whole.

Gang War Predicted By Vancouver Paper

VANCOUVER (CP) — The Vancouver News-Herald said this morning that gang warfare, involving gangs newly arrived from the prairies trying to muscle in on established gangs in the gambling racket, has broken out here.

The newspaper said that a clash between rival gangs has led to bloodshed, and that the warfare threatens to break out on a large scale at any moment.

"The racketeers have thousands of dollars at stake, said the News-Herald. "The prairie gangs are prepared to fight the longer-established rivals to a finish."

Langford W.I.—The Langford Women's Institute will hold its 32nd birthday party on Tuesday in the hall on Dunford Road. Business meeting will be held at 2 and visitors and all former members will be welcomed at 3 by the president, Miss L. M. A. Savory.

Friends At Bethany

Scripture: Mark 14:3-9; Luke 10:38-42; John 11:1-44; 12:1-3; Galatians 5:13

By WILLIAM E. GILROY, D.D.

Many people miss the full significance of the earthly life of Jesus through a failure to grasp with realism the fact of His humanity.

To any such who read these words, I would emphasize that the significance of Christ's divinity is that it was revealed in His human life. As John says, "The Word was made flesh." The great fact to emphasize is the Incarnation. The Incarnation means that Jesus was both divine and human.

Both the human and the divine in Jesus are made very real in the story of his friendship with Martha and Mary, at Bethany, and with their brother Lazarus. We see Jesus in the friendly contacts of that Bethany home, a welcome guests, accepting the kindness and hospitality like any man in need of companionship and comfort, but giving more than He received.

We see Him entering into the life of the home, observing the rivalry, or the conflict of temperaments, between the two sisters; mildly rebuking Martha for her complaint about Mary's not helping her with the work, overcome with human emotion as He finds the sisters weeping over the death of Lazarus.

What humanity in that shortest of all verses in the Bible, "Jesus wept"! What divinity in the recorded miracle of His restoring Lazarus to life!

The scriptural passage assigned for this lesson from Mark 14 tells of an incident at Bethany, but in another home—the home of Simon the Leper. John 12:1-3 tells of a somewhat similar incident in the home of Martha, when Mary anointed the feet of Jesus.

The similarity of these incidents does not justify the supposition that some have made. There is no clear indication that the woman mentioned in Mark's account was Mary of Bethany, though the dinner occurred in that village. In fact, if Mary was the woman it seems strange that she should not have been specifically named.

There is plenty in the narrative of the friendship of Jesus with Martha, Mary and Lazarus to occupy our solid interest without our needing to indulge in speculation.

The age-old debate concerning the characters of the two sisters, and the justification of the one or the other, is not very profitable, either. There will always be Marthas and Marys, and the church and the world need both types.

The Marthas may complain, but they wouldn't be happy if they weren't serving; and Mary of Bethany is a constant reminder that there is something higher than the satisfaction of material needs. It is not enough merely to serve the Master; we must also listen to His words and seek His guidance.

Building Again On Upswing Here As Woodworkers Return To Jobs

Termination of the lumber strike caused an upswing in the number of building permits throughout Greater Victoria during the latter part of the week, with 47 permits for construction totaling $119,236 issued.

Seventeen of the 47 permits were for homes and one at $22,799 for construction of a gas plant, in the city.

City of Victoria lead the building with 21 permits for construction amounting to $59,966. Five were for dwellings.

Saanich building permits totaled 19. Nine were for dwellings. Cost of work called for in the 19 was $4130, and cost of the dwellings, $39,200. They were: Five rooms, 2770 Murray Drive, $5700; 2857 Inlet Avenue, $5000; Seaview Road, $48000; 3154 Millgrove Street, $4500; 1684 McRae Avenue, $5250; four rooms, Holland Avenue, $5000; 890 Lavender Street, $2500; Goward Road, $5250; three rooms, East Saanich Road, $1200.

Five permits were issued in Esquimalt for construction amounting to $15,500. One was for a six-room dwelling on Salmon Avenue East; a five-room dwelling on Lyall at $4800; a two-family dwelling at Normar Court, $4500; structural alteration to dwelling on Old Esquimalt Road, $200 and an addition on Viewfield Road at $1000.

Two building permits were issued in Oak Bay during the week for construction valued at $440.

Fish Reels Stolen From Sports Store

Thieves who broke into Wilson and Lenfesty's sporting goods store, 1225 Government Street, Friday night, stole four fishing reels valued at $40, police reported.

Iron bars over a rear window had been spread apart and the window glass broken near the latch, allowing the window to be opened. The thieves left through the rear door which was opened from the inside.

In Oak Bay, the home of D. H. Hartness, 3050 Lansdowne Road, was broken into overnight and a cigarette case, a watch and a stop-watch as well as some cigarettes and candy were stolen.

Girls' Drill Team To Attend Jubilee

Victoria Girls' Drill Team has been invited to attend the Vancouver Diamond Jubilee on July 1, Norman Foster, director of the team, reported today.

The girls will leave here Sunday evening and return Monday evening. All expense for the trip are being paid by the Diamond Jubilee Committee. The girls will perform during the Jubilee and will probably take part in the parade, Mr. Foster said, although arrangements have not yet been completed.

Mr. Foster, as director of the team, has been invited by the committee to attend the Diamond Jubilee luncheon in Hotel Vancouver.

MacDonald To Head Merchants' Section

George E. MacDonald was elected chairman of the retail merchants' section of the Victoria Chamber of Commerce at the annual meeting of the section Friday afternoon. W. E. Holland was named vice-chairman.

A special committee was appointed to study the question of parking in Victoria and to bring in recommendations to the authorities. First meeting of the committee will be held at 11 Thursday morning.

Elected to the committee were: W. P. D. Pemberton, George Wilkinson, Mr. Holland, H. E. Ker, J. H. Wilson, Thomas Waterworth and P. B. Scurrah.

Following discussion of the question of street-cleaning in downtown streets at night, when, it was felt, parked cars were interfering with the work of the street-sweeper, a special committee was appointed to bring down a report. The committee is composed of Mr. Pemberton, Mr. Scurrah and T. Denny.

Murder Hearing Set For July 2

Preliminary hearing of Ethel James, Indian woman charged in Esquimalt police court with murdering her five-year-old niece, Rosan, on or about June 13, will be heard on Tuesday morning, July 2, it was agreed when the case came before Magistrate Henry C. Hall this morning.

Mrs. James is being defended by H. W. Davey, K.C., and the Esquimalt prosecutor is G. H. Sedger.

A coroner's jury last Wednesday investigating the death of the little girl brought in a verdict of murder by a person or persons unkown.

The girl had been living with her aunt and her uncle, Ethel and Henry James, in a two-room cabin at 845 Viewfield Road, for two years.

Nine Forest Fires

General improvement in the forest fire situation throughout the province was noted today in the weekly fire report released by Lands and Forests Minister E. T. Kenney.

While 19 fires were burning at the start of the week, and 19 fires occurred during the week, 29 were extinguished, leaving but nine burning today.

Only district reported dry and hazardous was the Kamloops forest district where 133 fires, extinguished at a cost of $4,358, occurred to date.

A moderate hazard was reported in the Port George forest district, where 79 fires have occurred to date. Fighting them has cost the B.C. Forest Service $12,500.

In the Vancouver forest district, which includes Vancouver Island and the coast district, 125 fires have occurred to date. Cost of extinguishing them has been $2,094.

Head Of Hospital, Dr. T. W. Walker, Plans Retirement

Dr. T. W. Walker, superintendent of Royal Jubilee Hospital since 1933, and author of many innovations and improvements in the hospital in recent years, intends to retire at the end of the year, he has informed the board of directors.

Dr. Walker practiced internal medicine as a consulting physician in Saskatoon before his appointment as superintendent of the Royal Jubilee Hospital. When the new east wing of the hospital was built many of its advanced features were the result of Dr. Walker's studies of hospital requirements in relation to the progress of medical and nursing science.

Similarly, the new maternity wing of the hospital is a tribute to his knowledge of the most modern medical practices.

G. H. Stevens, president of the board of directors, said today the board will advertise in medical and hospital journals for a successor to Dr. Walker.

Negotiating Deadline Set By Shipyard Unions

C.C.L. shipyard unions have notified British Columbia shipbuilding companies that unless they arrange a meeting day with the unions by June 27 they will be considered as refusing to negotiate.

Negotiations were under way some weeks ago for a new contract, the union asking a 25-cent-an-hour across the board wage boost, 40-hour work week and other provisions. They have not been resumed.

In the event the shipyards not resuming negotiations by June 27, the unions will have to decide "what action to take to force operators to negotiate as they are legally bound to do," said Malcolm MacLeod, president, Shipyard General Workers Federation.

Robinson Continues To Lead Batters

NEW YORK (AP)—Despite a knee injury that has limited his activity to two games since the beginning of June, Jackie Robinson, Montreal's negro infielder, is the International League's leading batter.

Robinson failed to appear in a single contest during the last week but his mark of .350, including games of Wednesday, tops by one the average of Newark's Al Clark.

Elmer Red Durrett of Montreal, who has cracked two homers in a single game three times this season, leads the loop in four-master production with 11 and in runs batted in with 51.

Tour Australia

SYDNEY, Australia (CP)—A British Rugby League football team has started a three-month tour of Australia to play exhibition games, and in a series of three test matches with picked Australian teams decide possession of the "ashes" which England has held since 1920.

The tour of the 26 English footballers has revived interest in the Rugby League games in Australia, though it is played only in the states of New South Wales and Queensland. The Englishmen make up the first test team to visit Australia in 10 years.

Housing Teachers Less Difficult Than Last Year

Dr. C. B. Conway, director of the summer school of education, the "school for teachers" which is to open here July 2, reported today that some accommodation was on hand for the estimated 1,000 teachers expected to attend the month-long classes.

Bulk of the teachers who will come to Victoria from all parts of the province for the annual training program will be housed in private homes. The summer school is operating one dormitory at the Glad Tidings Tabernacle which will accommodate 36 student-teachers. This accommodation has been spoken for some time.

Unless there is a rush for accommodation at the last moment, Dr. Conway believes the situation is well in hand now. This fact, he said, indicated a considerable improvement in the housing situation in Victoria since last year at this time.

Previously the summer school of education has operated "dorms" at the University School and St. Margaret's School.

"We haven't done badly this year," said Dr. Conway. "There is no great rush at the moment."

820 Rats Killed By Farmer In Fight To Save Chickens

SACRAMENTO, Calif. (AP)—Adolphe Bufe, Wilton farmer, counted 820 large dead rats today following a fantastic day and night battle reminiscent of the Middle Ages.

Aided only by a dog, two cats, a can of poison and a club, Bufe said he struggled a day and night to save his flock of 50 chickens from the "invaders."

Bufe said he was working in his ranch yard when he glanced over a hayfield and beheld a sight "the like of which I had never seen before."

"Coming up the hill across the hayfield was a grey horde of rats—first singly, then by two's and three's, and then in droves," he said.

"Not bothering to go around the hay shocks, but over them, they headed straight for my ranch buildings."

Bufe said he ran into a chicken barn, emptied all the feed from the hoppers, and substituted a quick-acting rat poison, then armed himself with a club.

The rats ignored Bufe, his dog and cats, and swarmed into the hoppers, devouring the poisoned food. They were soon running around crazily, Bufe said, and he went to work on them with the club, while the dog and cats chewed them.

All day and night they fought, with wave after wave of rats appearing. Suddenly the migration stopped.

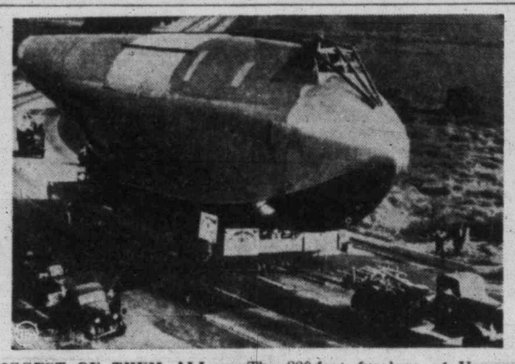
Bufe believes the rats, starved by the current feed shortage, had sent out scouts and picked his ranch as a promising spot for food.

Town Topics

Two names were added today to the list of Victoria-bound soldiers, who arrived in Canada aboard the troopship Ile de France. They are Pte. W. L. Humphrey and Pte. P. L. Wilkes.

Amy's Cafe, 1020 Blanshard Street, was purchased today by two war veterans, Ben Laughren, who was with the navy for five years and Jack Haderidge, who served in the army four years. City Brokerage acted for vendors and purchasers.

Names of six Victoria army personnel have been deleted from the list of servicemen and women who returned to Canada Friday on the troopship Ile de France. They are Cfn. K. D. Styan, Royal Oak; Lieut. (N.S.) Helen F. Unsworth, 975 Maddison; Sgt. R. M. Balsom, Capt. Arthur B. Russ; Tpr. S. M. Rundell, 1011 Sutlej, and Cpl. J. T. Sands, 775 Hampshire.



BIGGEST OF THEM ALL — The 220-foot fuselage of Howard Hughes' eight-engined Hercules flying boat dwarfs the truck that pulls it along the highway to Terminal Island, Calif., where the wings will be added.

MORE NEWS from the NEW Fletcher's

Day by day we come nearer to the realization of our dreams for a Music and Fine Furniture Establishment which will always be a joy to visit. And right now you will find many things here that you have long been waiting for. A few Gramophones, a few fine used but completely renovated Pianos, quite a good showing of Band and Orchestra Instruments, Vacuum Cleaners and other household appliances, and on the Fourth Floor a display of Fine Furniture not surpassed anywhere in the Country. And of course IN Sheet Music and Records our selection and service is better and greater than ever.

Cancel Ocean Race, List Yacht Events For P.I.Y.A. Regatta

The proposed yacht race between San Francisco and Victoria for the forthcoming Pacific International Yachting Association regatta, to be held July 1 to 4, has been canceled due to the fact that there have been on entries, according to an announcement by G. M. F. Ferguson of the Royal Vancouver Yacht Club, sponsoring the regatta.

At the same time, Mr. Ferguson issued a complete program for the regatta, which will be the first held since the commencement of the war. There will be sailing and power boat races.

On Monday all classes of sailing craft will race from Whaler Bay to the Vancouver Yacht Club at Jehicho Station for the following trophies, according to rating: Swift Sure Trophy, Key City Trophy, Northwest Perpetual Challege Trophy, Sir Thomas Lipton Perpetual Trophy and the Corinthian Yach Club Perpetual Trophy. In addition to the perpetual trophies, all yachts will be competing in one class for the Vancouver Jubilee Trophy.

A predicted time race for power boats will also be held from Whaler Bay to Jericho Station.

On Tuesday the various classes of sailing craft will sail the English Bay triangular course, and power boats will take part in a navigation blindfold race, starting at 2.30 in the afternoon.

On Wednesday morning, sailboats will sail the English Bay windward and leeward course, and in the afteronon there will be a contest for the City of Vancouver Perpetual Challenge Trophy, to be contested for by one yacht appointed from each active member club.

On Thursday the various classes will sail the English Bay triangular course again, and in the afternoon there will be a ladies' race once around the triangular course. There will also be a power boat event in the afternoon.

Tranquille Suffers Shortage Of Nurses

VANCOUVER (CP) — The provincial sanatorium at Tranquille is in a desperate situation due to the shortage of nurses, it has been learned here. The nursing staff, reduced to 23 from a former total of 66, is endeavoring to attend more than 350 patients.

Ward aids and maids have somewhat alleviated the situation, officials report, but with only one nurse on each floor, there are none left for week-end relief. Since the war, the number of patients has been increased by 85 war veterans now undergoing treatment. Authorities report that despite recent improvments in living conditions of the nurses and wages and hours, nothing like a balance between staff and patients can be maintained.

Loses Pants, Race

OMAHA, Neb. (AP) — Marty Kaplan, 13, was leading on the last lap of a swimming race, headed for an upset victory over the favorite. His final efforts were such that he swam right out of his swim pants, forgot his cause and finished an embarrassed second.

BEAT THE LUMBER SHORTAGE. Why wait for siding, shingles or stucco to finish the outside of your house when you can get Brick Siding. Has the appearance of real brick, but with insulation equal to 6 inches of solid brick. Comes in panels 12"x72" and a full ⅝" thick of specially treated insulation board. Won't swell or warp, impervious to rain, wind and sun. Easy to apply, no unkeep as it preserves its same appearance for a lifetime. Reduces fuel bills. This siding is fast becoming a popular finish as evidenced by the number of homes now being finished with it. We have to hand another new shipment and would advise you to order early.

Novel Trip Planned For Overseas Bride

The fishing boat J. & D., launched only eight weeks ago, will carry the most important passengers in its career July 1.

War veteran J. A. Harrison of Langford plans to make the 12-hour trip to Vancouver in the boat, meet his Scottish war bride and five-month-old baby there, and bring them back to Victoria on that date.

The veteran spent four and a half years overseas in the army. After his discharge, he and his brother became partners in a commercial fishing enterprise, and their boat, built at Falconer Marine Industries Ltd., was launched early in May.

Salmon Landing

The Blaine-Myers packer Klatawa today landed 54,000 pounds of salmon at B.C. Packers Ltd. The fish were brought from camps on the west coast of Vancouver Island.

Victoria Fishermen First Out For Tuna

Victoria tuna fishermen, with an eye to opportunity are already off the Washington and Oregon coasts, filling in their time fishing for salmon, but ready to start right in on the tuna as soon as the season opens.

The Vancouver fleet, due to leave at the week-end, will stop off here for ice and provisions. The tuna season opens July 1 and continues well into September.

Stocks and Bond Prices Are Rarely Static

Prices of Stocks and Bonds fluctuate with the ebb and flow of an industry and the progress or retrogression of Companies within that industry.

Short or long term prospects for Corporation Stocks and Bonds should be a matter of concern to all holders.

For this reason investors should periodically seek information regarding Companies in which they are interested.

One Woman's Day

By NANCY HODGES

WOMEN AND CHURCH

I KNOW I AM PROBABLY RUSHING IN where angels would fear to tread, but I have never been able to understand why more women haven't gone in for a clerical career.

By that I mean, a career in the church—ordination. Women have always played an important part in church life—in fact were it not for the countless Ladies' Aids, Church Guilds and Missionary Societies, many a parish would be very much the poorer—in more senses than one!

Their bazaars and other money-raising efforts have kept numerous foreign mission fields going. While many a foreign mission itself is staffed by brave, self-sacrificing women missioners.

But when it comes to occupying the pulpit, the number of women in the ministry is a mere handful.

DR. MAUDE ROYDEN

I DON'T SUPPOSE anyone would deny that there are women particularly fitted for ministerial responsibilities.

Yet there is an age-old, deep-rooted prejudice in some quarters—and it applies to all denominations—to women in the pulpit. Why, I can never understand.

Dr. Maude Royden, the famous English advocate of women in the ministry, fought for recognition for years before she became assistant preacher at the City Temple, London.

Yet she was a brilliant scholar and theologian, a dynamic and forceful preacher and a woman of exceptional qualifications.

The argument usually advanced against the admittance of women to the cloth, of course, is that of marriage and its responsibilities.

REFUSED ORDINATION

THAT WAS THE REASON given for refusal to admit a feminine applicant at the Montreal Presbytery of the United Church of Canada last month.

Arthur Melvin Butler and his wife were presented with diplomas from the church's theological college in that city in April and were licensed to preach the Gospel.

When the Presbytery met in May he was formally recommended for ordination "to the office and work of the Christian ministry."

But Mrs. Butler's application, made at the same time as her husband's, was refused on two grounds:

First, because of "practical difficulties arising from the fact that she is a married woman and a mother."

Secondly, that since her husband had been recommended for ordination she would not have time to devote to a separate charge.

PECULIARLY FITTED

KNOWING HOW MUCH IS EXPECTED of the wives of ministers, I can see some grounds for the second cause.

But, as to the first, I should have thought marriage and motherhood would have equipped her with just the very things most needed for such leadership.

And the very fact that she had earned her license to preach would suggest that she had been able to look after her family even while preparing for a career.

But it isn't only in Canada that competition is looming among men and women for more active participation in church leadership.

Feminine members of the Church of Scotland have been fighting for the right to become elders and to have a say in policy.

SPLITTING THE KIRK

ACCORDING TO A GLASGOW PAPER, their demand is splitting congregations and presbyteries into factions.

One of the women's champions, Rev. Duncan Blair of Newlands, Glasgow, said "Women do most of the work in congregations and to keep them out is wrong."

Said the Rev. McIntosh Mowatt, of Campsie, Stirlingshire, "The no-women rule is an age-old tradition, and we shall not break with it now."

But a woman church committee member said: "We are determined to win our point against those who are trying to hold the church back and keep women out."

MINISTER HORRIFIED

I DON'T KNOW how the controversy in that particular church ended, but a minister of the Free Church of Scotland was horrified at the mere suggestion:

"Women as elders? Disgusting! Never heard of it!! Certainly never in our church!!"

So there the matter remains—until someone comes along and hears the call insistently enough to break down the opposition born of tradition and prejudice.

In the meantime, those devoted souls who are the backbone of most congregations will carry on as good, faithful, untiring "hewers of wood and drawers of water," without whose ministrations few churches would last long these days.

THE WORKMEN'S COMPENSATION ACT

Notice to Employers

Effective July 1st, 1946, any employer engaged in the HOTEL, BEER PARLOUR or CATERING BUSINESS and having three or more employees (other than members of the family of the employer) employed at such work is deemed to be engaged in an industry under the Workmen's Compensation Act, provided that:

(a) The employer in the hotel business operates a hotel, lodging house, club or other place where lodging is furnished and having in any case ten or more bedrooms, or

(b) The employer has a license to operate a beer parlour, or

(c) The employer in the catering industry operates a hotel, lodging house, restaurant, cafe, eating house, dance hall, cabaret, banquet hall, cafeteria, tearoom, lunch room, lunch counter, ice cream parlour, soda fountain, dairy bar, nursing home, private hospital, club, dining-room or kitchen in connection with an industrial or commercial establishment, or office building or school or any other place where food is cooked, prepared and served and for which a charge is made,

whether or not any such establishment mentioned in clauses (a), (b) and (c) hereof is operated independently or in connection with any other industry

AND

any employer operating an APARTMENT HOUSE or COMMERCIAL BUILDING in which rooms, suites or space is rented to a tenant and which employer has three or more employees (other than members of the family of the employer) employed in the maintenance, servicing or repair of the building

AND

any employer operating a RETAIL STORE having three or more employees (other than members of the family of employer) employed.

Such employers are now required to register with the Board by submitting an estimate of their payroll expenditure from July 1st to December 31st, 1946. Forms for this purpose may be obtained from this office, together with such other information as may be required.

The Workmen's Compensation Act provides that an employer who has not registered with the Board may be held liable for the cost of an accident occurring prior to such registration, in addition to the regular assessments.

Address inquiries to:

THE WORKMEN'S COMPENSATION BOARD,

Close Picket Lines At Edmonton Papers

EDMONTON (CP)—Compact picket lines appeared today in front of the Edmonton Bulletin and the Edmonton Journal, where printers and pressmen are on strike, and William Sykes, international representative of the International Printing Pressmen's and Assistants' Union (A.F.L.), said police had escorted "strikebreakers" through the lines.

Sykes said the pickets in front of the two newspapers numbered almost 200, including 52 striking printers, members of the International Typographical Union, 11 striking pressmen and numerous members of the International Brotherhood of Bookbinders (A.F.L.) from city commercial printing plants. Many of the pickets were women.

There were no disorders.

The publishers of the two papers, which have been printing a joint edition since the strike began three weeks ago, made no immediate comment on the reinforced picket lines. The pickets withdrew after about two hours of close-ranked circular parading.

The 52 striking printers, called out in support of printers at Winnipeg, and who were joined later by the 11 pressmen, have been given dismissal notices. Recently the newspapers announced they would hire new men to replace the printers. The newspaper presses are being run by volunteer members of the staffs.

Recently the 12-page joint edition of the Bulletin and the Journal appeared with front, editorial and other pages in regular linotype-set type.

Every Young Husband

. . . should answer these questions:

Were the EXPENSES of starting your home greater than you expected? In most cases the answer is "yes." Probably there is a mortgage and other debts. Given time, *you* can pay them! But they could be a burden to your wife, if something should happen to you. That is one reason why you should have *adequate* life insurance protection.

Does it matter which COMPANY you insure with? Yes! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. Evidence of the satisfaction of Mutual Life policyholders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life, and each year approximately 35% of its new business comes from policyholders. Ask your Mutual Life representative to explain the special features of this Company.

Masons Hold Dinner At Close Of Parley

Close of the 75th annual meeting of the Grand Lodge of Masons in B.C. was marked at a dinner ceremony attended by approximately 1,000 Masons, their families and visiting Masons.

Principal speaker at the dinner was M. W. Hill, Past Grand Master of the Washington State Grand Lodge. He paid tribute to the work done by Masonic leaders in building communities both in Canada and the U.S. Progress made by the Masons here in the past 75 years could be continued in the next 75, he said.

To avoid a third world war, he believed it necessary to establish a new world order, embodying world brotherhood in the hearts of men. The new order could be built only by following the plan of the Supreme Architect, he said, and man must clear away animosities and prejudices. Materials for construction of the new world are co-operation, justice and faith, according to the Mason.

Graduation Exercises At Victoria West

In the auditorium of the Victoria West School a profusion of summer flowers were artistically arranged in large containers which were decorated in the school colors, for the graduation exercises of the pupils of grade 8.

R. T. Kipling, principal, extended a warm welcome to the parents of the graduates and to the guests. Trustee Austin Curtis addressed the class. The Girls' Glee Club rendered several selections, Alderman F. G. Mulliner presented the Leadership Cup to Ronald Pearce, Mrs. H. Holroyd, president of the Victoria West Parent-Teacher Association, presented a similar award to Patsy Irvine. The valedictory address was given by Patsy McKinnon. The Proficiency Prize to Owen Irwin. Nora Coleman made the presentation of an initialled wallet from the class to Mr. Kipling.

A tour of Macaulay Camp to consider possibilities of taking over several buildings as emergency shelter units was undertaken by Ald. Mrs. M. D. Christie and Canadian Legion members Thursday.

Simple Service Marks Funeral Of J. W. Spencer

Hundreds of Victorians in all walks of life went to Metropolitan United Church Friday afternoon to pay their final respects to John Williams (Will) Spencer whose sudden death last Tuesday shocked the community.

Political leaders, civic heads, representatives of the services, businessmen and a host of employees from David Spencer Ltd., gathered at Metropolitan Church long before 2.30.

Dr. A. E. Whitehouse conducted the service which began with the singing of "Abide With Me" and closed with The Lord's Prayer and benediction.

Banking the rostrum and choir stalls was a mass of flowers, wreaths and sprays sent by business associates and a wide circle of friends.

Augmenting the Metropolitan Church choir were members of Spencer's Choir and Spencer's Remnants. Mrs. Roy McKay sang "The Lord Is My Shepherd."

Scripture reading was from the 8th chapter, 31st verse of Romans, and from St. John, 14th chapter, "Let not your heart be troubled." Psalms were the 90th, "Lord Thou Hast Been Our Dwelling Place", and the 103rd, "Like As a Father Pitieth His Children."

Col. Brooke Stephenson, representing Lieutenant-Governor W. C. Woodward, attended with Premier John Hart, Hon. Herbert Anscomb and Admiral V. G. Brodeur, R.C.N.

Pallbearers were: Mr. Justice A. D. Macfarlane, Dr. John Stewart, W. Hobart Molson, J. V. Barnes, F. E. Winslow and Dr. George Hall.

A private service at 1040 Moss Street preceded the Metropolitan service.

Burial was in the family plot at Ross Bay Cemetery.

Value Of Goodwill Claimed Overrated In Business Sales

A great tendency to overrate the value of "good will" in selling businesses in Victoria has been found by the Citizens' Rehabilitation Council, acting on behalf of war veterans, A. Palmer, executive secretary of the council, said today.

"A growing number of applications are being made by service personnel for small businesses, and many of the applicants come to us for advice," Mr. Palmer explained.

"In a business valued at a sale cost of $2,000, our investigation showed that the total value of the tools, materials, etc., on hand was not more than $500, and the value of the good will $1,500.

"A restaurant business offered for sale to two servicemen was valued by the owner at $4,900. We had the business appraised and the appraisal showed that the total amount of fixtures, etc., was not more than $1,800, the cost of good will $3,100. Further investigation showed there was a possibility that the block in which this business was situated could be sold at any time, which would leave the purchaser stranded."

Warning veterans to use every precaution before completing purchases of businesses, Mr. Palmer continued:

"These two cases are only a general type which is becoming more frequent every day, and the services of this office are at the disposal of those who care to use them for purposes of their own protection."

St. Alban's A.Y.P.A.—Douglas George was elected president for the forthcoming year at the last meeting. Other officers elected were: Vice-president, Eric Moon; secretary, Jean Foxall; treasurer, Harry Prior; social convener, Mrs. Doris Waters; publicity convener, Mrs. Ethel Moon; A.Y.P.A. Monthly convener, Fred Bursey; Local Council delegates, Don Naylor and Fred Bursey. A meeting will be held next Tuesday to plan a summer schedule.

Tallyho Men Fined

Angus E. Chilton and Donald L. Huchin both were fined $10 in city police court Friday when they pleaded guilty to charges that they solicited passengers for tallyhos at the C.P.R. wharf in other than conversational tones of voice.

Constable Napoleon Bouchard of the city police testified he heard Chilton shouting over 300 feet away, advertising sightseeing rides to passengers disembarking from the boat.

Clement Will Start Irrigation Hearings

Hearings at which Dean F. M. Clement, Royal Commissioner, will inquire into the amount certain dyking, drainage and irrigation districts can pay annually on their indebtedness to the province will start at the Municipal Hall, Pitt Meadows, July 9, it was announced today in the B.C. Gazette.

Dean Clement, head of the University of B.C. agriculture faculty, was appointed some time ago to conduct the inquiry.

Hearings will also be held July 10 at the Municipal Hall, Mission, and July 11, at the Municipal Hall, Chilliwack.

Dates of subsequent meetings will be announced later.

Wants Criminals Used

LONDON (CP) — The Canine Defence League told President Truman in a message Friday that convicted war criminals rather than animals should be used as "guinea pigs" in the Bikini atomic bomb tests.

Pleading guilty in city court yesterday to a Wartime Prices and Trade Board charge involving invoicing of textiles in his tailor shop at 813-A Fort Street, a Chinese, Lum Dun Bowe, was fined $75 and $2.50 costs. A second charge similar to the one in which he pleaded guilty, was withdrawn.

NOTICE

Claims for Unemployment Insurance Benefit

To clarify the rights of insured persons who have lost employment as the result of a labour dispute, the operation of Section 43 (a) of the Unemployment Insurance Act is hereby explained:

DISQUALIFICATION: An insured person shall be disqualified for receiving benefit if he has lost his employment by reason of a stoppage of work which was due to a labour dispute at his place of employment.

RELIEF FROM DISQUALIFICATION: To obtain relief from this disqualification each claimant must prove not only one but all of the following:

1. That he is not personally taking part in the labour dispute.
2. That he is not financing the dispute.
3. That he is not directly interested in the dispute, or the outcome.
4. That **NOT ANY** member of his grade or class of workers who were employed at his place of employment were or are taking part in, financing, or directly interested in the dispute or its outcome.

NOTE: Proof of each and every one of the above requirements is necessary in order to obtain relief from disqualification.

THIS APPLIES TO ALL PERSONS CONCERNED WHETHER THEY ARE MEMBERS OF A UNION OR NOT.

ONCE IT IS ESTABLISHED THAT THERE IS A LABOUR DISPUTE IT IS IMMATERIAL WHETHER THE STOPPAGE OF WORK WAS BROUGHT ABOUT BY A STRIKE OR BY A LOCKOUT.

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

MINISTER OF LABOUR

AIRMAIL SPECIAL DELIVERY.

VICTORIA,
June 14th, 1946.

R. H. Neelands, Esq.,
Secretary,
Vancouver Typographical Union, No. 226,
529 Beatty Street,
Vancouver, B.C.

Dear Mr. Neelands:

It has been represented to me that there is a misunderstanding on the part of the members of your local with reference to the employers unit of authority in the matter of bargaining between the employees of the Daily Province and the employers (the Daily Province).

At the present time the governing law in the matter of collective bargaining in Canada is Federal Order P.C. 1003. P.C. 1003 is based upon bargaining through appropriate units under the rules laid down under P.C. 1003 administered upon a regional basis. The authority for British Columbia is the British Columbia Wartime Labour Relations Board and that Board, of which I am chairman, upon receiving application from a union, declares whether or not the unit specified is an appropriate bargaining unit.

In the case of the certification of your local, an application was made for the right to bargain with the Vancouver Daily Province. This was designated as an appropriate unit and certification granted on that basis. The official having authority to bargain for the Daily Province becomes the employer so far as the Act is concerned.

I understand that your local has expressed the desire to have the Southam Press designated as the appropriate bargaining unit. The National Board has ruled against this, therefore the Vancouver Daily Province is the official bargaining unit with which your unit is authorized to bargain.

I should appreciate it very much if you would make this clear to your membership so that there will be no misunderstanding as to the legal position.

Yours very truly,

(Signed) Geo. S. Pearson.
MINISTER.

In spite of this direction, the I.T.U. has refused to bargain with The Vancouver Daily Province.

The collective agreement which they have repudiated by direction of their International includes the following:

$1.30 an hour day shift, $48.75 per 5-day week.
$1.40 an hour night shift, $52.50 per 5-day week.
Time and a half for any shift in excess of five within the week. Double time for work on Christmas Day, Labor Day, Dominion Day and Sunday. Time and a half for all work done on Good Friday, Empire Day, Thanksgiving Day, and New Year's Day.
6 days' vacation with pay.
Closed shop, 37½ hour, 5 day week.

Probably the most generous Union labor contract in force in British Columbia. The present strike is in direct violation of Canadian Labour Legislation. Their action cannot be justified.

Foreign domination of Canadian labour unions is resulting in defiance of Canadian law, dislocation of Canadian industry, great hardship to Canadian labour, not only to the men and the families of the men most intimately concerned but also to hundreds of other Canadian workers dependent on the industry for their livelihood.

The Vancouver Daily Province is definitely in favor of craft unions and is willing and anxious to conclude legal contracts with them on a fair and equitable basis.
